Smith, managers of the engineering and electric operating departments, respectively.

Arriving at Hicksville at 10:30 a.m., the 90 executives expected for the tour will spend the morning at LILCO's headquarters there, studying this installation which is the most modern of its kind in the country. After a luncheon here, they will tour the new unit of the Glenwood Landing plant which is the first one in this latitude with outdoor-type generators. The all-day tour is part of the activities of the winter convention of the American Institute of Electrical Engineers which, at that time, will be underway at the Hotel Statler in New York.

LETTERS TO THE EDITOR:

New School Construction, Safety Worries Parents

HICKSVILLE—Parental concern over the progress of new school construction and student safety is evidenced in letters to the Herald this week. Six parents in a joint letter said they have been seeking action on a school crossing problem since early September and have been "continually told to wait a few days". They wonder if they must "wait until a child is crushed under the wheels of a car."

"I personally believe that a school crisis looms in our district and I would welcome the view of other citizens whose interest is in the welfare of our children today—not a year or two years from now", writes Joseph Mulqueen of 70 Combes Ave.

The delay in asking voter approval for additions to the four small elementary schools has him worried. "As long ago as last Sept. the Board of Education approved all four projects and employed architects. Preliminary plans have been approved by the State Dept. for many weeks. Everyday that the Board delays fixing a date for a referendum on the bond issue is a day lost all along the line, and, therefore, a day lost in final completion."

"Hicksville schools are now 85 per cent on double session", Mulqueen wrote. "By next Sept., it is a certainty that there will not be a single session class in Hicksville schools. One would imagine, in such an emergency, that the Board would give inspired leadership, rally the voters and urge them to approve action as fast as possible. But the Board has not even presented."

RETURN TO SENDER:

Hicksville and Levittown POs Urge Proper Address on Mail

Patrons of Hicksville and Levittown Post Offices are finding that improper addressing of their mail is causing delays in delivery and in some instances incorrectly addressed mail is being returned to the sender.

For nearly five years, patrons have been reminded from time to time to notify their correspondents of correct addressing.

Hicksville Postmaster William G. Mollitor in December 1950 had a letter delivered to every Levitt house in Hicksville which stated in part: "Please advise all your correspondents, newspaper and magazine publishers and others to address you to your street and number at Hicksville, N. Y. — omit the mention of Levittown."

Last week Postmaster James H. Graham of Levittown Post Office said that residents who live in Hicksville and Wantagh "must have their mail addressed to those respective post offices or mail will be returned to the sender. It will not be forwarded."

The Post Office Dept. at Washington in October, 1951, gave notice that the boundaries between the Hicksville and Levittown

Dear Jean:

Mrs. THOMAS BERGIN, Hicksville chairman of the March of Dimes, wishes to thank the anonymous donor of \$10.00 in one of the containers at the Bank of Hicksville.

County Public Works Commissioner JOHN C. GUIBERT cautions motor vehicle owners to find a safer place to park their cars for the night than the roads when heavy snows are forecast. Curb parking hampers snow plow operations. County also says it is not equipped to stop and re-clean private walks and driveways. . . . The new son of Attorney and Mrs. ALEXANDER NEWCORN has been named WARREN STEVEN. . . . Local people who have Community Concert tickets will be interested to know the TRAPP FAMILY SINGERS will be at Toax Jr. High School, Huntington Station, on Jan. 27. Local tickets are good for admission there too. . . . Meeting of Twilawna Civic Assoc last week at East St. School was cancelled. The school was closed due to weather. . . . Distribution of auto registration applications is being limited to three to a customer at the local office, an irate local citizen tells us. . . . STACKLER and FRANK report sale of 155th home in their trade Secrets development off North Broadway, Hicksville. It is a 500-home project, straddling the Hicksville-Jericho boundary. . . . Want to buy a surplus truck and trailer? Thirteen will be on sale at Brookhaven Laboratory, Upton, N. Y., on Jan. 29 when bids are opened. They can be looked at right now out there and bids are accepted singly or any number. . . . Perfect attendance tabs were presented by Dr. E. H. LEBARRON at the Hicksville Kiwanis meeting last week as follows: MORRIS ROCHMAN, 8 years; LOU KLEIN, 2 years and LEON GALLOWAY, 11 years. . . . LOUIS E. WETTERAUER wishes to thank all the workers and everyone who helped to make the Christmas Bazaar of the Rosary-Altar Society of St. Ignatius Church in Decembsr such a grand success. . . . Chamber Directors to meet at the Milleridge Inn, Jericho, on Jan. 22. . . . Jan. 6 call of Selective Service Board no. 8 at Great Neck, covering this area, included WILLIAM P. DOOLEY, formerly of 206 W. Marie St., Hicksville. . . . New township incinerator plant will probably be located in Old Bethpage near the brick yards. We understand that option on property has been taken by township.

Congrats to Hicksville Big Ben mgr. NICK RANDALFO for a very successful food fair over the past week-end. Parents and children alike, enjoyed the very many sample food booths. . . .

In case you're interested, it was 106 years ago on Jan. 24 that gold was discovered in California. . . . Out on the west coast, but not panning gold as far as we know, is FRED (Pop) MASTERS, former Hicksville fire chief. He is out there on special assignment for Grumman's. . . . America's Town Meeting of the Air will originate from West Hempstead High School auditorium tonight (Tuesday, Jan. 19). . . . There was an error in the advertisement of Custom Floors in our Jan. 12 issue. Linoleum rugs were incorrectly listed at 20 to 30 per cent off. . . . You only have two weeks to get that '54 tab for your 1954 auto license plate. New tab must be displayed on Feb. 1. . . . County Clerk ERNEST FRANKCE complained this week that his dept can't handle administration of the state tax for \$12,000 a year and the county supervisors passed a resolution which demands \$5,000 a year more from the State for this work. . . . A new radio program is being broadcast direct from the Milleridge Inn, Jericho, on Sunday afternoons over WEBS of Oyster Bay (1520 kc). . . .

Back To School For Nicolai

It's "Back to School" for Nicolai St. P-T-A parents of Hicksville on Thursday, Jan. 21, at 8:15 P.M. The idea of getting acquainted proved so popular at the first meeting that Jack Green, Program chairman, has arranged another opportunity to meet informally with the teachers.

Feature of the evening will be an "Answer Panel" made up of faculty members who will endeavor to give the parents answers to questions submitted at a previous meeting.

Now is the time to rummage through the store-room for donations to the annual White Elephant Sale scheduled for February. Auctioneer Walter Schlieting will be

on hand to give our budget a boost and provide an evening of fun for the whole family. Books, games, toys, dishes, appliances, hand-made lamps, vases, home-made jellies, cookies, cakes, pies—these are a few of the acceptable items, and they may be sent or brought to the school now.

By JAMES CUMMINGS

Bids have been submitted and contracts will be awarded shortly to construct new street signs according to information received from Hicksville Board of Fire Commissioners Tuesday evening by President Gill and Vice-President Zettler. The Board further stated that the money had been allocated for street signs this year and a good portion of the work will be completed in the North West section. In answer to a question on the installation of the signs, President Gill was informed that the Public Works Department of Nassau would do the work enabling a

greater area to be covered in Hicksville with monies appropriated this year.

Reminder of Meeting Tonight

By DOROTHY E. BROWN
Hicksville 4-0128

Winter is here.

Snow, snow, and more snow has been the weatherman's pass word lately. As home owners this gives us a new responsibility that many of us have not had before. We must clear the sidewalk along the border of our property for people to walk as soon as possible after snow ceases falling. Children are taught to walk on the sidewalk to and from school buses and it is even more dangerous for children to walk in the street now than in the summer as cars can not be controlled as easily sometimes. Also a path to the doorway would be appreciated by the postman and any other delivery man.

Credit is due the highway dept. for doing such a good job of keeping the roads clear. We hear there are many side streets in the city which haven't been plowed at all. Another note of cheer is for the Long Island Railroad which has kept its schedule nearly on time through out all the storms so far. It is interesting to note that on the Old Colony Line, a branch of New Haven Railroad, commuter trains to Boston were delayed almost two hours. One train was derailed in Quincy, Mass., due to the storm. Usually the local papers of New England chide the Long Island Railroad for tardiness in its commuters trains during winter storms, but this time the saying: "He who laughs last, laughs best."

Just a reminder that tonight (Tuesday, Jan. 19) at the Shady Maple at 8 o'clock P. M. the Millwood Gate Property Owners Assoc. is holding a special meeting for the election of officers and board of directors. Let each member consider it his special duty to think about this and choose the candidate best suited for each office, remembering that these people are to represent you through the Association for the coming year. The list of nominations were in Thursday's Herald and may be added to at the meeting.

Please be courteous and friendly to any volunteer who may knock at your door and ask for a donation to the Polio Fund. Also give as generously as you can and help put Hicksville over its quota. Mrs. N. Babrikint, Mrs. E. Garrat, and Mrs. R. Mason are collecting through the Jade Homes. Other women who have volunteered to help collect for this worthy cause in the Frank Homes, Halstone Homes, and Lee Avenue Homes are Mrs. Boyd, Mrs. Heller, Mrs. George Ebert, Mrs. Frank Corcoran, Mrs. George Wright, Mrs. James Gannon, Mrs. James Edvardson, Mrs. Lincoln Perry, Mrs.

Thomas Harrison, Mrs. James McGreever, Mrs. Teubner, Mrs. McEhan, Mrs. Smith, Mrs. Felder, and Mrs. Schoennel. We are sure all victims of Polio appreciate the effects of these women.

FUN AND FUNDS

Bridge, canasta, pinocle and hunko were all played at the "Fun and Funds" card party sponsored Friday evening, Jan. 15 by Hicksville Junior High School PTA in the school's gymnasium. An array of all kinds of fine prizes provided gifts for many to take home.

Refreshments of coffee and assorted cake and coffee buns were served by the committee. Mrs. William Lorenzo was the general chairman.

RETURNING TO TOWN

Mr. and Mrs. Lawrence Healy, Sr. of Harrisburg, Pa., have bought a new home on Third St., Hicksville. The Healy's, former residents of Hicksville, have lived in Harrisburg for the past number of years. Laurence Healy, Jr., is married to the former, Miss Joyce Rusch, daughter of Mr. and Mrs. Raymond Rusch, Sterling Pl., Hicksville, and Mr. Healy's parents, Mr. and Mrs. Joseph Healy reside at 11 Murray Rd., Hicksville.

Mr. and Mrs. Nat Robinson of West New York recently became residents of Levittown. Mr. Robinson is a nephew of Mr. and Mrs. Mittleman of James St., Hicksville.

Mrs. Ralph S. Damon of 88 Eleventh St., Garden City, will be hostess to the Wellesley-in-Nassau Club Jan. 18 at 8 P.M. She will show "Round the World" colored slides. Mrs. Charles Palaski will conduct a "Round the World" auction for the benefit of Ewha College, Korea.

CURRENT COMMENTS:

Local Affairs Your Problem

By Fred J. Noeth

JAMES L. DOWSEY, Sr. former Nassau County attorney and an elder statesman in Nassau County governmental and political circles, was speaking at a State Legislative Preview dinner meeting of the Long Island Association at the Garden City Hotel on Jan. 13.

Mr. Dowsey, formerly GOP leader of the Town of North Hempstead, made some significant remarks in his position as chairman of a legislative committee for the Long Island Association.

He spoke of the difficulty in getting people interested in public affairs, especially since the advent of television. He added that "it is true that we have a planning commission in Nassau County, but there is no master plan as yet". What we are getting, he declared, is spotty, checkerboard zoning and that every person interested in the future of Nassau County "should take a vital interest in these matters."

What a contrast between Mr. Dowsey's statement, urging public interest in vital questions, and the viewpoint of some of our own citizens who look sneeringly upon anyone or any group which seeks to study such vital questions as local government, zoning and public affairs. There are some who would have you believe it is somehow almost independent or a person to take an interest in vital local issues, to ask questions and to stand up for his rights.

"Unless we plan properly," Mr. Dowsey asserted, "Nassau and Suffolk will be come a hodge-podge." He said we are operating under obsolete laws and must continuously be alert for new legislation being enacted. Regarding the existence of our laws, we need only recall the painful Hicksville experience merely in trying to get a PUBLIC VOTE on the question of home rule. The law today is substantially the same as it was in 1898 when Cedarhurst (which is now incorporated) first sought a vote. Designed for incorporation of a community of about 500 persons, it has not been modernized to fit the needs and difficulties of a community of more than 30,000.

Local government IS THE PUBLIC'S BUSINESS. People should be encouraged in their efforts relating to public affairs—not criticized.

Weather Cancels P-TA Meeting

HICKSVILLE The scheduled meeting of the Lee Ave. P-TA, was postponed Thursday night, Jan. 14 because of the weather. Judge Paul Widlitz, who was to speak on "Juvenile Delinquency," will be secured at a later date.

LETTERS

(Continued from Page 1)
sent the proposal for a vote."

Interested in police protection for children crossing Levittown Parkway enroute to Old Country Rd. School, six parents signed a letter which they say represents the efforts of 200 mothers who have signed a petition. The letter is signed by Alice Fitzpatrick, Charlotte Lepelletier, Selma Schoenberg, Thelma Johnson, Elaine Hart and Mrs. Ira Knasters.

REPORT NEAR HIT

They write that one child was almost hit at the corner a couple of days ago. There are school stop signs "which only add to the confusion as it is not a straight corner. We have been working on this since early Sept., having written Dr. LeBarron and Mr. Miller, time and again, and have also seen them in person in this matter. Police Captain Chimenti has taken several surveys, and we have also spoken to Police Commissioner Beck-

man and it is now supposedly in the hands of Inspector Schneider. We have been continually told to wait a few days. The days have turned into months.

"Mothers have been directing traffic themselves and on one occasion—over six tickets were issued to motorists ignoring the stop signs by a policeman who did check the situation there. Are we to wait until one of our children are crushed underneath the wheels of a car before something will be done?"

The Duffy Park Civic Assoc. has also been seeking installation of a traffic signal light on Old Country Rd. at the entrance of the school.

"All we have is thine alone
A trust, O Lord from thee."

Actions of today are predicated on the training of our yesterdays. Any youth activity that has for its sole purpose the filling up of time, will serve no worthwhile purpose in the lives of our children. Merely gathering the youth together, just to keep them off the streets for one or two evening a month is an insult to their intelligence, and a positive indication of the failure of both the parents and the community.

The actions of our children, tomorrow, next year, and all during the next generation, are dependent upon the parents and the community minded adults of this generation. Without proper training the next generation will be sincerely handicapped, and any loss to the world will be the result of our failure.

Our children do not belong entirely to us, they belong to the community, the nation, the world. Above all, they are God's children, we have been entrusted with their care and development. Our obligation of love cannot be escaped or avoided if we fail, the children and our world will suffer, and it shall be forever charged against us.

The family unit is of utmost importance. Young men and women, and little children too, who are proud of their parents are most apt to be proud of themselves. Proud of themselves as part of a family, as part of the community of families that make up our country. But the family cannot do it all. Our churches, our schools, and our youth organizations all play an important role in their lives.

Our aid and assistance should go to all youth organizations that teach the Great Loyalties. Loyalty to God, loyalty to self, loyalty to the family, loyalty to the community, loyalty to our country. Our support should be gladly offered to those organizations which provide healthful play, teach purposeful crafts, and develop useful knowledge.

These groups will do more than just occupy time, they will instill in our youth the American tradition of individual responsibility, will help develop our heritage of democratic citizenship. These groups will teach cooperation and foster leadership. This training together with proper family environment, will make willful actions counter to community welfare hard to commit.

All children, big and little, want to be proud of their families, their community and their country. We must earn for them this "self respect", this pride. When they have this kind of self-pride—none of us need worry about the nature of their actions. We need remember however, that no matter how much they may want to be proud of their family, and of their community of adults, there is nothing the children can do themselves to make them proud of us—that's up to us, and to us alone.

Take a positive step today. Join with the hundreds of other community minded adults in the Boy Scouts Finance Drive, The March of Dimes, or both. You will be proud of yourself, and so will the community. "And our children know us better than all the rest!"

HILLSIDE TERRACE HAPPENINGS:

Decorating Contest Winners

By BETTY MOGAVERO

Hicksville 4-0771

Hello! There's so much activity at Hillside Terrace that I've had to continue some of the happenings for today's column.

First the exciting news of the three winners for the best decorated house at Christmas time: Twenty-five dollars went to Harold Nelson of 57 Hollis Bl., \$15 to Mr. and Mrs. Mure of 85 Haverford Rd. and third prize of \$5 to Richard and Shultz of 30 Hunter Lane. Mr. Pucell, a florist shop owner, was the judge as it was the general feeling that he would know just what to look for in the decorations. Grace Maniscalco of Wellesley Lane and Rose Vinet of Hunter Lane accompanied Mr. Pucell on the judging trip.

PRESENTED WITH WATCH

Robert Martin, Sr. of Cambridge Drive was presented with a gold watch by the company he has worked for 31 years. R. Steel and Sons, Long Island City.

James Petras, 11, of Hunter Lane, who recently underwent an operation in Mercy Hospital, is home and feeling much better.

Birthday remembrances to mother and daughter, Grace and Ann Marie Maniscalco whose birthdays are Feb. 2 and 7 respectively. Anne Marie will be five years old.

Mary Archer gave a surprise baby shower for Martha Marabella of Cambridge Drive recently. Among those attending were: Stella Thompson, Dorothy Hoops, Marion Carlucci, Irene Varcana, Betty Mogavero, Jane Danielson, Virginia Strickoff, Evelyn Martin, Mrs. Caller, Betty Sinisi, and Edna Severance.

Martha was so surprised and she cried a little. She received many gifts and everyone enjoyed her pleasure.

FLOYD GRIFFIN SPEAKER

Floyd Griffin, chairman of the Zoning Board of Appeals for the Town of Oyster Bay, was the speaker at the Civic meeting Wednesday, Jan. 13. His talk supplied valuable information on the zoning laws and how it applies in Oyster Bay. He answered specific questions about property improvement and unattached garages, as well as requirements about the distance of one house from another which can be varied.

SCHOOL BUS DISCUSSED

The school bus situation in connection with high school children was discussed and it was decided to contact other civic organizations in order to present a united front at the next annual school board meeting. Not much can be obtained by our civic group alone, it was said, as action will be required by the entire town of Hicksville.

As anyone can see, all that goes on at our civic meetings is rather important with matters considered that hit close to home for each of us. Now it's up to all of you who live in Hillside Terrace to attend these meetings to see what is or what is not being done to improve our community. There was not a very cool turnout at the last meeting.

Dr. and Mrs. Malasky of Adelphi Rd. are entertaining Mrs. Malasky's mother, Mrs. Kallomus from Washington, D. C. Mr. and Mrs. Friedman of 20 Wellesley Lane had a pleasant surprise recently when their good friends, Mr. and Mrs. I. Galanti of Atlanta, Georgia, came down to visit them. They all went in to the Latin Quarter in Manhattan to celebrate.

THE SOUTH HICKSVILLE

Sentinel

By Craig Walsh

It Can Happen Here

The tragedy which occurred at the Long Island Railroad station in Syosset last week could just as well have happened here. The condition here is exactly the same. Trains come into the station at grade. Last minute commuters often cross the tracks in front of the train. If a person slips, it is impossible to stop the train and a life may be snuffed out. We all believe that it can't happen to us, but in some cases it is only good fortune. We sincerely hope that the grade crossings can be eliminated before any Hicksville lives are sacrificed.

Democracy in Action?

On a number of occasions in the recent past we have read rather pontifical statements attributed to officials who are running Levittown Hall and our swimming pools. We have been assured that the hall and pools will be operated to give the greatest benefits to the people. But frequently such assurances have been followed up with the very disturbing thought that what are called "pressure groups" will have no influence with the elected officials. Now these "pressure groups" apparently refer to civic associations and individuals. They are our neighbors who are paying for the facilities for their own use. And they are to have no voice.

Public Opinion Is Basic

How can our officials know what we want if we don't tell them? Do they wish to give us what they think is best for us? Or are they supposed to run our governmental affairs as servants of the people. It is basic to our form of democratic government that people tell their officials what they want. It is the duty of the officials to weigh the advantages and disadvantages of all sides of a question and then to decide where the preponderance of evidence lies. We doubt very much that any public official could be elected with a platform promising not to be influenced by the people's desires.

Sticking Their Necks Out

It looks like the Pool Hall district commissioners are unduly sticking their necks out in one of their regulations for Levittown Hall. They set themselves up as judges of whether or not any organization is subversive. There are other governmental agencies charged with the responsibility of determining subversiveness, and they have the extensive facilities and trained staff to do a thorough job of it.

The Pool Hall commissioners would be well advised to use extreme caution in denying any group the use of Levittown Hall because they think it is a communist group. It is a very serious thing to label anyone a communist and an enemy of our country. It is very doubtful that any of the commissioners have access to information not already available to the Federal Department of Justice and the Attorney General.

Be Careful Driving These Days

By GENE MALJEAN
Hicksville 3-5515

You've probably heard this over and over again—take care with this winter driving—it's hazardous. I hate to be redundant—but right in front of my house at Fulton and Vincent an accident occurred Thursday morning. A bus and a car collided, due to road conditions.

Mrs. Evelyn Budinick, of 2 Mack Ave., Woodbury Gardens, driving a green tudor Chevrolet, had her fender and light smashed. Richard Kriepe, of Levittown, was driving the children on bus 14 to the East St. School when the accident occurred. No one was hurt, but the children did believe they would have the day off.

BIRTHDAY

Friday, Jan. 8, Regina Peragolia, 32 Briggs St., was five years old. To celebrate, her mother took her to Radio City. The following Sunday, Regina had a birthday party at her home. Guests were: George Toost, 34 Washington Ave., Betty Ann McGee, 36 Briggs, Wayne Gropp, 42 Briggs, Roberta Stacy, Vicki Verona, 36 Washington, Eleanor Devlin, 5 Washington Ave., her four cousins, Alice, Buddy, Donna, and Beatrice Collins—of Valley Stream, her aunt and uncle Mr. and Mrs. R. Sweeney, of Jackson Heights, her grandmother, Mrs. Beatrice Collins, of Sunnyside, her aunt and uncle, Mr. and Mrs. Wm. Bayson, of Kew Gardens, and Mr. and Mrs. Morris Siegel, of Rosedale who took every-one home.

MOTHER'S MARCH

To correct a misprint last week, it's Mrs. Rafuse, of the Jerry Spiegel Homes who is helping with the Mother's March on Polio—not Mrs. Pofuse. Sorry.

Hicksville Gables volunteers: Mrs. Wm. McAleer, Gables Drive, Mrs. Dunne, Gables Drive, Mrs. S. Kramer, Gables Rd., and Mrs. C. Colsonas, Gables Rd.

CONVALESCING

Hope to see Ruth Mecklenburg of Vincent Rd. up and around again soon. She was feeling ill last week—but by the time we go to press she will no doubt be back at work. . . . We also hope that the Poltras' of Hollins Rd., will have their son back from the hospital soon. He is recuperating from an operation.

QUESTION OF THE WEEK

In response to our question "How did you feel when you received your first pair of long pants?" Jim Clarke, of Schaller St., Hicksville, says: "We got our first pair of long pants on graduation day, prior to that we wore knickers. Not like the boys of today who start right out with longies. I remember my first pair of sneakers, and how I used to climb more easily with them."

INSTALLATION SOCIAL

The Woodbury Gardens Civic Assoc. is holding its installation

social, at the Amvets Hall, 25 E. Maria St., on Thursday, Jan. 21, at 8 P.M. sharp. It would be wonderful if all members would attend to insure a big turnout. Try to be there. All new residents that have not-as yet-joined, are welcome—get to know your neighbor and discuss mutual problems and have a good time.

ANNIVERSARY

Mr. and Mrs. Colin, of 11 Larch St., Woodbury Manor, gave a party in honor of Mr. and Mrs. Solch, of 3115 Brighton Beach, Brooklyn. It was the Sobels' 25th wedding anniversary. It was a gala affair—they even took movies. Guests were: Mr. and Mrs. Sam Dinerstein, 625 Ocean Ave., Brooklyn; Louis Dinerstein, Sunnyside; L.L. Mr. and Mrs. Rudolf, Ocean Ave., Brooklyn; Mr. and Mrs. Small, Ave. N, Brooklyn; Dr. and

New Records Set by Telephone in '53

More people served—better service given—but inflation's a big problem

Last year was a busy one—and a challenging one—for your telephone company. Demands for service from homes, industry and defense throughout the State continued at a high level—and were met more promptly than in any year since World War II. All this called for a huge expansion and improvement program—an important program and, because of inflation, a costly one. It totaled \$191,000,000.

High lights during the year were:

1. The number of Bell telephones in the State passed the 6,000,000 mark, and average daily calls were 27,000,000.
2. At year's end no one was waiting for service in 93% of all central offices.
3. New records were set for the speed, dependability and usefulness of the telephone. For example, the average long distance call went through in 90 seconds, and the average local call went through in 20 seconds.

The number of telephones and calls has doubled in the last ten years. But, unfortunately during the same period the company's operating expenses have more than doubled, rising at a faster rate than increases in revenues.

We expect 1954 will offer as much of a challenge as the year just past. For example, there is still the problem of building new plant to take care of thousands of people who want to change from party lines to individual line service.

We estimate that this year's construction program will be nearly as large as in 1953. To finance this, around \$95,000,000 of new capital will have to be obtained from the public if we are to meet all demands and make the service even better and more valuable than ever.

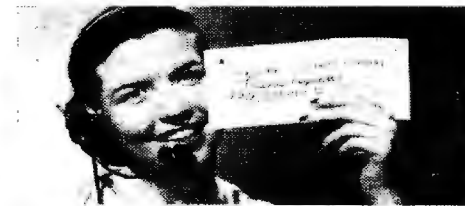

MORE THAN 1,000 TELEPHONES A DAY were added each working day during 1953. Providing service that grows in usefulness and value—and at a price well within the reach of everyone—has boosted the total number of Bell telephones in New York State to over six million.

TWELVE NEW BUILDINGS were completed in 1953 and five more were started. Major additions were made to seven other buildings. One thing that made this growth necessary was the increased volume of calling, which reached an all-time high—an average of twenty-seven million calls a day.

TWENTY-NINE CENTRAL OFFICES were added in 1953 to handle the record-breaking demand for telephone service from homes, industry and defense. Today better than four out of five families in both rural and urban territory have telephone service.

\$18,480,000 MORE ON OUR PAYROLL CHECK! Yes, it's up more than eighteen million dollars over 1952, to a total of \$318,500,000. These telephone wages help local business because telephone people are good customers of their neighborhood stores and shops.

Cal Abrams Is Rotary Speaker

JERICHO—The opportunity to ask questions about baseball came to the Hicksville Rotarians at their meeting on Dec. 31 in the Milleridge Inn, when President Lou Smith brought an interesting speaker to the meeting in the per-

son of Carl Abrams, former Brooklyn Dodger and now a Pittsburgh Pirate.

Abrams' colorful description of his travels from the minor to the major leagues and back and forth was interesting to all. Then came the question and answer period.

Announcement was made that the District Conclave will be held at the Westchester Country Club Feb. 2 and 3. Since reservations must be made, members were asked to leave their names with Smith at with Herbert Pulick.

Richard Rusch, son of Mr. and Mrs. William Rusch of First St., Hicksville, a student of Darrow Preparatory School in New Lebanon, N. Y., was named to the honor roll during the past two grading periods at the school.

Plan for Boy Scout Campaign

BETHPAGE—Mrs. Rolf Garmann, of 32 Brenner Ave., this week was named community chairman for the annual fund campaign for the Boy Scouts of America. The announcement was made by Cliff Shortman, chairman of a campaign steering committee comprising residents active in Scouting.

Mrs. Garmann said Buddy Maszara would serve as vice chairman, Paul Wilson, advanced gifts chair-

man; and Earl Kirmser, publicity chairman. Other steering committee members include: Doug Kent, Edward Schutz, Malcolm Trauth, Walter Baxter, Edward Callaghan, Henry Rockhill, W. Rodman Hartjen, Jim Taverna, Mrs. William McGovern and Mrs. Stephen Patras.

The campaign will center on a dawn-to-dusk house solicitation by 150 volunteer Bethpage workers Jan. 31. Scout officials estimate that the program in Nassau county costs about \$8.75 for each boy who is a Cub, Scout or Explorer, and the number of Bethpage boys in such groups has risen to 209 since last year, when \$12,000 was donated.

Captain Leroy Hansen of 16 Hoover Lane, Bethpage, visited Hofstra College recently to show students the latest jet pilot's uniform and to give students the "low-down" on requirements and qualifications for Air Force Jet pilot training. He is a member of the aviation selection team from Mitchell Air Force Base.

The Mother's March on Polio is now under way. Women who have given generously of their time either have or will visit your homes. Please do respond warmly and favorably. Polio is a dread disease and we never know when it will strike next or where it will strike, so do your part.

We would like to send our best wishes for a speedy recovery to Mrs. Ed Sneckenberg of 23 Gables Rd. who returned home Tuesday, Jan. 12, from Meadowbrook Hospital. Mrs. Sneckenberg who was on the critical list, wishes to thank all her neighbors for their kind consideration of her during her illness. Calls and offers of blood streamed in to the hospital. Now confined to bed we would like to urge everyone to keep up the good work in her behalf.

Two birthdays were celebrated this past week. Mr. and Mrs. Bertram Chernow and daughters Hinda and Ellen along with the new member of the family, month old Stephen entertained Eliot Braun, son of Mr. and Mrs. Braun of 23 Center Street on his third birthday. A party of Chinese food and a lovely cake made the affair a memorable one for all present. The date was Jan. 6.

Jan. 10 marked the eleventh birthday of Bobby Cerone, nephew of Mr. and Mrs. James Cerone of 271 Plainview Rd. A party of candy, ice cream and cake was held in his parents, Mr. and Mrs. Frank Cerone's 19 Larch St. home. Among the guests were Tommy and Woody Kramer of Gables Rd., Mr. and Mrs. James Cerone and children Debra, Darren, Bronwyn and Marc, Bobby's brother Bruce and his Grandparents, Mr. and Mrs. Monahan of Syosset.

We would also like to send our best wishes for a very speedy recovery to Bernadette McCoy of 8 Gables Drive who had to return to Mitchell Air Force Base Hospital after spending the Christmas holidays home. In the past several days Bernadette with the help of her mother Mrs. Lee McCoy and friends Hinda Chernow of 10 Gables Rd., Pamela Kneip of 2 Gables Drive and Albert Murray of 28 Gables Drive issued a newspaper the funds from which were to go to the Polio fund which is now in full swing.

Congratulations especially go to Peter O'Connor of Hicksville who went on from the North Shore Oratory contest to win third place in the meeting of North and South shore high school students. Peter whose speech was on the Constitution, was awarded a wrist-watch as a finalist. A St. Dominic High Senior Peter won the oratory contest held in St. Dominic High School auditorium last week.

Westbury Breaks Hicksville Spell from Foul Line 51-48

By HOWARD FINNEGAN
WESTBURY—The Green Wave snapped a six game series victory streak for Hicksville, 51-48, here, in a foul-infested game, Friday night.

In the matter of importance, the win placed Westbury in a first place tie with Farmingdale in the Eastern Division while for Hicksville it was the seventh loss in nine starts of the season.

It also consoled rabid Westbury fans who have suffered since Hicksville won a pair of victories over their Alma Mater the past three seasons. Previous to that the Orange and Black never won two games in one campaign over West-

bury in 25 years of competition.

FOUL LINE BLUES
Once again it was foul line blues for the Comets in this contest which was just slightly less savage than the 13-12 slugfest the two schools staged on the gridiron last fall.

Hicksville hit with 20 free throws in 42 chances and netted 14 field goals. Westbury had 11 field goals but deposited 29 of 45 foul line chances.

Chet Jaworski's lads have now outscored their last three opponents from the floor but lost because of a shooting mark less than 50 per cent from the line and just about 20 per cent from the floor.

The losers trailed at the quarter and at the half and were down ten full points, 34-24, in the third period before Edward Scott, Joe Pepe and Dick Evaschuk rallied to knot the count 38-38 at the end of the quarter.

Once the period ended however, Hicksville lost its zip and Westbury worked into a five point lead which stood up.

Evaschuk took scoring honors with 19 points.

Introducing A New Columnist

By SHIRLEY HUENLICH

They say, "There's no time like the present," so here goes with my first attempt to bring you up to date on some of the happenings in this section on the east side of Somers Broadway in the Vidoni Homes.

Most of us are back in routine again after sweeping the last remnants of Christmas tree and holly out of the house. One sweet little Christmas present that can't possibly be put on a shelf and forgotten is Carol Dorothy Carman, 5 Somerset Ave., Hicksville, born Christmas Day. I feel funny about mentioning anything about Christmas at this late date, but as I walked through our development today I noticed that quite a few people still have their outside Christmas decorations up.

Karen Esgro celebrated her second birthday with a party at her house, 11 Somerset Ave. Sunday, January 5th. Among those who helped her celebrate were: Mary Jane and John Mandala; Kathleen and Mary Taylor; and Gary Huenlich. Karen's father took colored moving pictures and we all have our fingers crossed that they turn out good.

Hope the snow storm didn't stop you from registering for the Spring Term in a course in the Adult Education Program at the High School. The courses are many and varied and it is really amazing and wonderful to think of all the information and know-how that can be picked up in a course of ten weeks duration. Last fall quite a few of our neighbors here took the Advanced Sewing Course and really enjoyed it. I expect to see some pert new dresses show forth this spring as a result of the past few months work.

Quite a few of our local merchants are having clearance sales and seem to have real good buys. On your next trip to town, stop, look and

save.

Our son, Gary, celebrated his fourth birthday, Wednesday, Jan. 13, with a party at his home, 22 Albert Street. Among those present were: Mary Jane and John Mandala, Kathleen and Mary Taylor, Karen Esgro and Ronald Carman. If racket has anything to do with it, a fine time was had by all.

How time flies! It doesn't seem possible but the famous "penny postcard" has been two cents for two years now. Talking about time flying, don't forget that the deadline for having your 1954 license plate tab on is Jan. 31.

Audience Quiz

HICKSVILLE—Questions from the audience will be answered by a Teachers' Panel at the meeting of the Nicholai St. PTA (Thursday) Jan. 21 at the school. The questions will be based upon the school curriculum.

SPORT-O-GRAMS

— DAVIS CUP!
By Nat Ferrara

As we all know, Australia has won the Davis Cup, symbol of the World's Amateur Championship. And, it begins to look as if she intends to retain it for some years to come. Under her present system of developing playing talent, she has a good chance of doing just that. Once a boy is spotted as having unusual talent, he is carefully trained by experts until he is ready for tournament play. If he continues to impress, he comes under the guidance of the top instructors of the country. Some day he is ready for the Davis cup matches. He may be young... young as the pair of nineteen year olds who have just won the cup.

Experts, trained to solve any auto problem, are waiting for your car at Broadway Service Station, Broadway and James Street. Their experience and skill in your assurance that your car will receive efficient attention. Phone HI 3-9702. Be sure to read, "One Customer Tells Another," in Tuesday's Herald!
