Rotarians Help HAD

HICKSVILLE ROTARIANS PROVE CONCERN FOR H.A.D.: On Monday, June 2, Mr. William Buchman, President of the Hicksville Rotary Club visited the 389-New South Road counseling facility of Help-Aid-Direction (H.A.D.) Mr. Buchman, (right) is shown in this picture being thanked by John Maniec, H.A.D.'s Executive Director, for his club's recent donation of \$560 to help H.A.D. survive.

The Hicksville Rotary Club under the able leadership of its President, Mr. William Buchman, has quickly responded to the financial appeals of Help-Aid-Direction (H.A.D.).

H.A.D. is Hicksville's own youth and family counseling, drug and alcohol abuse prevention center. For more than four years, H.A.D. has provided youngsters, adults, and parents with various forms of counseling services free-of-charge.

Its very existence is now threatened by state funding cutbacks. Most if not all of H.A.D.'s recreational and socialization activities must soon be terminated due to financial difficulties. H.A.D. desperately needs the increasing support of the entire community, especially residents, businessmen, clubs, and service organizations.

Fortunately, the Hicksville Rotary Club did not sit idly by with the HAD agency facing financial destruction. As a direct result of the tireless efforts of Rotarians Bill Buchman, Ed Johnson, and Larry Post to name only a few, their club membership voted to support H.A.D.'s vital services with a very

generous donation of \$560.00.

A significant portion of this donation will be utilized to hire several part-time counselors so that the present H.A.D. counseling facility at 389 New South Road can be re-opened on Fridays from 2 p.m. to 8 p.m., beginning Friday, June 13, 1975. Efforts are now underway to keep the H.A.D. counseling facility open on Fridays throughout much of the summer months.

Without this very generous donation from the Hicksville Rotary Club, present fiscal difficulties of the H.A.D. agency could have forced further curtailment of various vital counseling services and loss of valuable, highly qualified counselors.

Help-Aid-Direction is deeply indebted to the Hicksville Rotary Club. Its membership by their enthusiastic support of the H.A.D. counseling program have proven themselves to be concerned community leaders, deeply interested in helping troubled individuals get assistance in solving their problems.

New Contract

Congressman Norman F. Lent today announced the award of an Air Force contract totaling \$1,145,000 to the Demac Corp., 45 Bloomingdale Rd., in Hicksville.

The contract, which means new jobs at the plant, is for chaff, countermeasures and data for Air Force planes.

Charles DeSanto, President of Demac, says his 12 year-old company has been competing successfully for government

contracts against much larger firms like Revere Copper and Brass, and Reynolds Metals.

DeSanto says the new contract will mean 25-40 new jobs at his Hicksville plant, which presently employs 94 people.

Chaff is composed of small pieces of metal foil and is used to protect U.S. planes from hostile ground fire by presenting false radar targets to enemy radar.

JHS Rededicated

Hicksville's "old Junior-Senior High School" building on Jerusalem Avenue was properly "rededicated" this past Saturday in ceremonies befitting its fifty years of service to education and the character training of youths. Several hundred alumni, former teachers, current faculty and students were on hand in the school auditorium for a commemorative program and afterwards for the school "open house" socializing.

It was a nostalgic, heartwarming and fulfilling day for all who planned the program, took part or witnessed the festivities and heard again the inspiring words of retired Frank Chlumsky, former president of the Hicksville Board of Education and Miss Mabel R. Farley, for over thirty years principal of the high school.

The day dawned clear, the sunshine providing good in-coming chartered air flight for Miss Farley who was greeted at 8:45 at Republic Airfield in Farmingdale by the program cochairperson, Runhild Wessell, and her chauffeur, the always helpful Rosemary Walsh. "We drove up to the west runway as a little plane rolled up," Mrs. Walsh recalled afterwards. "A door opened and out stepped Miss Farley, as nonchalantly as if she was alighting from a car trip downtown." Storms all day Friday in the valley of Pennsylvania's Susquehanna had grounded the undaunted 92-year old former school principal, cancelling her planned earlier arrival. The poor weather unfortunately also deprived several dozen alumni of a chance to honor Miss Farley with a dinner at the Alibi Restaurant, Friday evening.

Sunny Saturday was a different story, and the school's "Golden Anniversary" celebration pro-

vided a memorable program. At 10:40, the fine Junior High School "A" Band under Bandmaster Henry Gates struck up a short processional march, and the honored guests, preceded by the school Student Council president Susan Flanagan, moved on stage in best academic form. Applause grew louder as honored guests, Frank Chlumsky, and Mabel Farley came into view, stepping spritely on stage.

The program was varied. Though grounded properly in tradition and protocol, there were moments of innovation and spontaneity. William Feigin, newly-appointed Junior High principal greeted the audience, extending welcome and thanking the program committee for a sustained and enthusiastic effort.

The Invocation was movingly rendered by Dr. Frederick Hill, newly appointed Superintendent of Schools. This was followed by the audience singing the Star Spangled Banner as the school band played the National Anthem. Master of Ceremonies for the occasion was retiring Junior High School principal A. Albert Glass, who briefly introduced the distinguished guests on the dais. Here again, a "standing ovation" was given Miss Farley. Mr. Glass in introducing each of the featured speakers, called to mind memories of his contacts with them in his over twenty-five years of education as a science teacher and administrator.

Among the many letters of congratulation, scrolls and recognition from governmental officialdom which Mr. Joseph Giambalvo, assistant principal, read, after relating amusingly how he obtained them, were congratulatory messages from the United States Commissioner of the Department of Health, Welfare and Education; a letter

from Gov. Carey, resolutions of congratulations from County Executive Ralph Caso and Town Supervisor John Burke and the Oyster Bay Town Board. Senator Jacob Javits went so far as to include a long reference to the Hicksville school's "fifty years of contribution to education" in the Congressional Record.

Frank Chlumsky, the first of the day's chief speakers, recounted in knowledgeable and amusing words the history behind the building of the Hicksville Junior-Senior High School in 1923-24 and its dedication in 1925. He brought alive - as only a solitary survivor of those community leaders of half century ago may do - the school needs, the search for a suitable, central school site, the inevitable intra-community disagreements, challenges of referendums, the choice of architects, builders, the construction and the opening of the school. Mr. Chlumsky's recital was at length, without notes - a remarkable example of this veteran town board and school leader's recall power and forensic abilities.

Miss Mabel Farley was clearly the day's star attraction, her legion of former students, colleagues in education and the younger folk in seeming empathy with her during her few short hours of shining presence. In her reminiscence and address she spoke of activities of hers which indicate that she is ever the humanist, ever the educator. Now a resident of a retirement home in Lewisburg, Pennsylvania, Miss Farley said, in her clearly, delivered address, read from notes, "From my observation it is the use that is made of the building by human beings that makes it appear to become alive. If in my small way, I have influenced teachers

GOLDEN ANNIVERSARY: Honoring the Hicksville Junior High School in "Golden Anniversary" festivities on Saturday were many alumni, former teachers and present faculty and students. Active in the commemoration, from left to right were: JHS Principal William Feigin; Susan Sullivan and Susan Flanagan, President and Treasurer of the Student Council; Dr. Frederick Hill, newly ap-

pointed Superintendent of Schools, who delivered the Invocation; Dr. Jerome Niosi, retiring Superintendent of Schools; Assistant Principal Joseph Giambalvo; Henry Bregel, long-time School Board member; Mabel R. Farley, former High School Principal, guest speaker; Frank Chlumsky, surviving member of the School Board which dedicated the Junior-Senior High in 1925, guest

speaker; Raymond Rusch, High School Principal; alumnus and guest speaker; A. Albert Glass, retiring Junior High Principal, Master of Ceremonies; Runhild Wessell, and Richard Evers, Program Chairmen and Past Commander John Rizzo of the Hicksville American Legion which presented a Bicentennial gift of 37 framed "Portraits of the Presidents" to the Junior High on its Fiftieth Birthday.

Strawberry Festival

"Will it, won't it rain on June 14?" is the query of parishioners at St. George's Church, Hempstead. The Rev. Canon John W. Davis has picked this date for one of the church's loveliest outdoor events: the annual Strawberry Festival on the lawn of the Rectory from 1 to 4 in the afternoon. Among his church members, "Father John" is famed for choosing days on which

it rains! So although the Committee is hopeful of a sunny day, it will take no chances and plans to have ready both the Rectory lawn at 217 Peninsula Blvd., and the Church meeting rooms at 319 Front Street.

Ideally, the event is a relaxing social occasion in back of one of Hempstead's finest buildings, the home of the Davis Family.

CONGRATULATIONS....Miss Barbara Damm a Senior at Hicksville High School receives a plaque from Mr. Raymond Rusch, the Principal (left) and Mr. David Green her sponsoring teacher (right). Miss Damm was the Nassau County winner in the Long Island Business Education Chairman's Association beginning typewriting contest, and the second place winner in the all Long Island contest. Miss Damm also received a \$25 savings bond.

BASEBALL ASSOCIATION (Continued from Page 17)

Great pitching by both teams was the main factor in the game. For Team No. 8 it was Tom (The Bullit) Callahan, who as usual, did a terrific job. Also pitching were Wayne Soderlund and Jim Hughes, who also were great. The men of the hour were Kevin LeBrech, as he tripled scoring Tom Callahan from first, and Paul Elenio, who knocked in Kevin. The entire team played great defense, and as team member George Danko said when asked how the team will finish the season, "Number One." (Enough said!)

Team No. 2 (Coronet Toy) hurt themselves by committing two errors in the first inning. From there on, Scott Gilchrist and Joseph O'Connell combined to pitch a good game in a losing effort. Offensive power was supplied by Dean Spadaro and Robert Rothschild. Good defense was played by Drew Kramer and Robert Scibelli.

Team No. 1 (Stewart Mower) played its way into a first place tie in the West on the one hit pitching of Pat Corcoran helped his own cause by homering to drive in two runs. Joseph Conklin also homered to help his teammates. It was a good defensive team effort.

Team No. 7's (Aladdin Florist) gallant effort to stay with Team No. 3 (Stewart Mower) tough pitching and good fielding was not enough to beat them. It was Bill McCarthy's great scoreless pitching for the first three innings, along with Chris Colasanti's catching, and some good backup fielding by Tom Gambaro, John Fallacara and Nick LaVacca that kept Team No. 7 in the game. It was a fast game, and well played by both teams.

A special "thank you" to all who participated in Sunday's drawing. Congratulations to the winners: Mr. and Mrs. George Krause and Mr. and Mrs. Roland Horn.

On July 19th, the Hicksville Baseball Association will hold its annual family outing at Eisenhower Park. The cost is \$6.00 per family. Please contact your child's manager or director for a reservation and further information.

Hicksville Community Council Annual Awards Dinner

Photographs by Robert Berkowitz and Gregory Museum

At the beginning of its sixth year, the Hicksville Community Council paid homage to those who serve the Hamlet of Hicksville on many fronts, at their annual Awards dinner, held last Thursday evening at the Trinity Lutheran Church.

Newly elected officers were installed as follows: President John Maniec, first vice-president Steve Weinblatt, second vice-president Warren Doolittle, recording secretary, Clara Bennett, corresponding secretary, Rita Sharkey and treasurer, Kathy Steckler.

The usual reception and delicious, buffet-style dinner was the order of the evening. Outgoing president Sieg Widder called the meeting to order with the usual pledge of Allegiance, and Pastor John Krahn of Trinity Lutheran gave the invocation.

Everyone present was introduced and their local community affiliations noted, as many present represented their clubs and organizations throughout the year as Hicksville Community Council delegates. Among those present were Mr. Frank Chlumsky who effectively installed the new officers later in the program, Mr. and Mrs. Stanley Meltzer, Mr. and Mrs. Max Joseph, Mr. and Mrs. Gardner Gregory, Mrs. Dolores Pietzak, Mrs. Mary-Jo MacDonald, Mr. Richard Sullivan, Mr. and Mrs. William Krumm, Mr. and Mrs. Siegfried Widder, Mr. and Mrs. Herbert Johnson, John Maniec, Mr. and Mrs. J. Maniec, Sr., Miss Ann Vafia, Mrs. Nestor Palahnuik, Mr. and Mrs. Lawrence Steckler, Dr. and Mrs. Walter Dunbar, Mrs. William Bennett, Mrs. Sheila Noeth, Mr. Steve Weinblatt, Mr. Herman Sipinick, Mr. John Budnick, Mr. Robert Pirrung, Mr. Thomas Nagel, Mr. and Mrs. William Sharkey, Mr. Helen Hannah, Mr. and Mrs. Jack Landress, Mrs. John Strong, Miss Diane Strong, Mr. Michael McCann, Miss Martha Grey, Miss Carol DeLuca, Miss Constance Sim, Mr. and Mrs. Henry Brengel, Sr., Mrs. Marge Gianelli, Mr. Alton Giese, Mrs. Henry C. Ward, Sr., Mr. and Mrs. Richard Evers, Mr. and Mrs.

THANK YOU, DOCTOR: says Council President Sieg Widder, as he presents the President's

Award to Dr. Walter Dunbar for his continuing work to beautify Hicksville.

Warren Barrow, Mr. and Mrs. Elery Bean, Mr. Kenneth Barnes, Mr. and Mrs. Vernon Wagner, Mr. and Mrs. James Gehris, Mr. and Mrs. W. Heberer, Mr. and Mrs. A. Drollinger, Mr. Ed Johnson, Father Dominic Cianella, Councilman and Mrs. Warren Doolittle, Mrs. Carol Wolfe, Mr. Emil Immisberger, Mrs. Joan Jones, Rev. and Mrs. John Krahn, Mr. and Mrs. Seymour Neufeld.

The annual award that goes to the group who gave the most service to Hicksville, in the opinion of this year's directors, was the volunteers who made the transition of the present Gregory Museum possible. As all Hicksvillians know, this building was vandalized extensively and would have been pulled down, but for a group of local volunteers who, with the permission and cooperation of the Town of Oyster Bay, slowly, with many thousands of volunteer hours, made it possible for this building not only to be a credit to Hicksville, but also to house the rapidly growing Gregory Museum. (See picture for more details).

The president's award, which each year goes to an individual who the president feels has done a great deal to improve our town, was presented this year by outgoing president Sieg Widder to

Dr. Walter Dunbar, who, with the cooperation of all our local service clubs and the property owner, beautified the northwest corner of Broadway and Old Country Road. Dr. Dunbar may be seen up there many times, during the dry weeks of mid summer, watering the beautiful shrubs which continue to grow under his TLC. He is also in charge of the vegetable and flower gardens which have come into being this year, on the west side of Broadway.

A special award was made to the Trinity Lutheran Church and accepted by the Rev. John Krahn. This Church has allowed the Council to use its facilities in which to hold its annual dinner for the past four years.

Mr. Widder, who has led this growing Council ably for the past three years, then thanked all who had served on his Board and on various committees and they, in turn, through the installing officer Mr. Frank Chlumsky thanked him for a job well done.

Mr. Frank Chlumsky, well-known Hicksville resident, whose local activities never cease and whose 92nd birthday did nothing at all to slow him up (all present were glad to see) was the installing officer for the newly-elected slate named earlier in this article.

Following this Mr. John

DULY INSTALLED: Mr. Frank Chlumsky swears in (l to r) president John Maniec, first vice-president Steve Weinblatt, second vice-president Warren

Doolittle, recording secretary, Clara Bennett, corresponding secretary Rita Sharkey and treasurer Kathy Steckler.

Maniec, the new president spoke briefly, and Father Dominic Cianella pronounced the benediction and the Hicksville Community Council entered its sixth year.

All Hicksville residents and business people are cordially invited to join this Community Council. One does not have to be an organization delegate in order

to join. Meetings, which are held at the Hicksville Library on the first Thursday of each month, October through May, are always comprised of interesting local topics and speakers, plus a Town Meeting, where all may speak on any subject about Hicksville.

"You will learn a lot about Hicksville, and the Council will be stronger through your efforts," said a Council spokesman.

Gregory Museum Volunteers

AWARD WINNERS: The Gregory Museum Volunteers were awarded the Hicksville Community Council Award for 1974-1975 for outstanding service to the community. The more than 500 Volunteers who have given of either their time, talent, labor, materials; and donations to the museum who attended the dinner are pictured admiring the plaque; starting on left Herb Johnson, Jack Landress, Rosemary Barrow, Iris Widder, Dick Evers, Sig Widder, President Community Council, Dolores Pietzak, Richard Sullivan, Mary Jo MacDonald, Nancy Palahnuik, Anne Evers, Anne Gregory and Warren Barrow. The inscribed plaque will be on permanent display in an appropriate place of honor at The Gregory Museum.

Dear Friends

BY NOW you have all heard of the defeat of the proposed Nassau County Legislature Proposition last Tuesday. Now it is up to the Court. We are pleased about this, but we are certainly disappointed by the fact that only slightly over 59,000 voters went to the polls to express their opinions on this important matter. As we have said before, your vote is your only weapon in a democracy. We will never understand why anyone would deliberately throw it away.

Whatever the reason for your refraining from casting your vote, we hope you think it over and reconsider, so that in the future our form of government more nearly reflects the wishes of the governed. It is more serious than you think, believe me.

Two important days are coming up...Flag Day on June 14th, and Fathers Day on June 15th. We extend best wishes to all fathers...and a prayer for our Country that it sons and daughters love it more, for Flag Day, when all who can will be flying the colors of the greatest nation in the world. If this is flag waving...we freely admit it.

THAT'S ALL for this week. Stay well and remember the old saying: "Our Country...may she always be right, but right or wrong...Our Country."

SHEILA

The Story of Flag Day

by John R. Nocas

"I pledge allegiance to my Flag and (to) the Republic for which it stands—one Nation indivisible—with liberty and justice for all."

Who wrote the Pledge of Allegiance to our Flag? Can you imagine a time when this was not known?

Well, truth is stranger than fiction, for up until 1939 it was not certain who had written the Pledge, and what's more, until that time no one seemed to care. Finally, in that year, after years of research a committee of the U.S. Flag Association ruled that Francis J. Bellamy had indeed written our Pledge of Allegiance. Shown was originally written by him. The "to" was inserted for the sake of rhythm. The Reverend Francis J. Bellamy was the pastor of the First Baptist Church of Little Falls, New York.

At the First National Flag Conference in Washington, D.C., June 14, 1922, the words "the Flag of the United States" was substituted for "my flag." The change was made on the grounds that those born in foreign countries might have in mind the flag of their native land when giving the Pledge. The Second

end he persuaded his magazine to sponsor a plan to sell flags to schools at cost; the idea being so successful that 25,000 schools acquired flags in just one year. He also campaigned to have flags flown over public buildings—his success in this endeavor is clearly evident today.

James Upham had still another idea—that on Columbus Day, 1892, the 400th anniversary of the discovery of America, every public school in the land would hold a flag-raising ceremony under the most impressive circumstances, and every school child rededicate himself in love and service to his country. Upham conceived this as a National Public School Celebration of Columbus Day. Daniel S. Ford, the owner of the YOUTH'S COMPANION and uncle of James Upham, appointed Francis Bellamy, a member of the YOUTH'S COMPANION staff, the national chairman of a committee to enlist the support of educators, mayors, governors and members of Congress in this tremendous undertaking. The results of their labors surpassed their fondest

At The Board of Supervisor's Meeting

by Marcia Yeates

Topics of discussion ranged from the feasibility of wind power as an alternate source of energy to the possible dangers of fluoridated water at the June 9 Board of Supervisors meeting.

After a routine disposal of the 87 resolutions on the Board's agenda, the Supervisors listened, with varying degrees of intensity, to the complaints and suggestions brought forward by residents, some of whom have adopted attending Supervisors' meetings as their favorite indoor sport.

The Board passed a resolution approving the County Executive's action in applying for a federal grant to explore the use of windmills as a source of power in the South Shore County Parks. They were cautioned by G.H. Wilke of Sea Cliff, an engineer, who stated that the county should investigate further what other companies have learned about wind power before embarking on this federal grant, which he maintained would be "re-inventing the wheel, over and over again." The Board moved to proceed with the application for the \$25,000 grant.

Two civic leaders, Mrs. Phyllis Garvin of Levittown and Mrs. Wini Gaines of Jericho, again

urged the Board to support the legislation currently pending in the State Assembly sponsored by Assemblyman Lewis Yevoli, by sending a "Home Rule" message on the matter of Nassau County OTB locations. The Board has consistently declined to send the Home Rule Message, maintaining that the County, since it has no zoning powers, is not the proper agency to send the message.

Mrs. Gaines, who represented several civic organizations in the Jericho area, pointed out that Council J. Raymond Quinn had stated that Nassau County, as the municipality participating in the transactions with OTB, is the proper body to send the Home Rule message. The civic leaders were advised by Hempstead Presiding Supervisor Francis Purcell to take their cases to the Town and Village Boards of each OTB location. Mrs. Garvin and Mrs. Gaines indicated that they would send representatives to each of the Town Board meetings this week, but would continue their attempts to get the County Board of Supervisors to act on a "Home Rule" message. The assembly cannot act on a law affecting a municipality unless it receives a "Home Rule" message.

Mr. Walter Sterling of Woodmere, a perennial gadfly at Supervisors' meetings, began his shopping list of complaints and accusations with a box full of "gifts." He presented an assortment of banners and flags for the Board room, two of the supervisors and the County Attorney. The jovial mood prevailing as the Supervisors declined his gifts graciously until the legality of their acceptance could be determined, quickly subsided as Mr. Sterling presented a long list of charges of abuses by County employees. He was finally cautioned by the County Executive that he would be "cut off if he continued to abuse the right and privilege to speak." He was advised to take his charges to the District Attorney's office.

Other topics of discussion included a plea for greater efforts by the Board to conserve the fast diminishing supply of fresh water on Long Island and a presentation outlining the dangers of inundation of the County's water supply.

A group of union members from the Hospital and Health Care Employees Union presented their case to the Supervisors in their continuing attempts to reach a settlement with the County in their salary negotiations.

At The Town Board

by Gerry Kahn

The impact of the summer schedule of the Town Board Meetings was felt on Tuesday, June 10th, as the calendar was filled with 52 items.

First on the agenda was a Hearing on the petition of Long Island Catering Corp. for a change of zone from Bus F to Bus G and for a Special Use permit to operate and maintain a catering establishment on the premises. The location in question is the Old Country Manor on Old Country Rd. 273.61 feet of Morgan St. in Hicksville.

Mr. Frank Anton, principal of the corporation was present and was represented by counsel, Mr. Korin. The request was predicated on the regulation which prohibits occupancy of more than 99 patrons in Bus F. There was no opposition and the Hearing was closed and decision reserved.

Item No. 2 was a Hearing to Consider Proposed Amendments to the Code of Ordinances to amend various sections which included the definition and distinction between Farmers Market and Public Market and to exclude same from permitted shops and stores in F and G Business Districts. There was no opposition and the Hearing was Closed and Decision Reserved.

Item No. 3 was a Hearing on Finance to Consider an Expenditure of \$22,000.00 for the Hicksville Park District to construct a fence around the proposed Hicksville Community Park.

Mr. Albert Pundt and Mrs. William Grotto spoke in turn relevant to the type of fencing to be installed, the buffer zone, if any, and the ultimate affect the exterior appearance would have on the neighborhood. The

Hearing was closed and the Decision Reserved.

The next 49 items were passed in quick succession with the meeting being adjourned at 11:45.

Of special local interest are the following: Item No. 7, Resolution No. 371 - Resolution directing the Town Clerk to advertise on a Hearing of Seymour Malman and Robt. Phillips for a change of zone from Res A to E-2 General Residence District at Woodbury, N.Y. (w. s. Woodbury Rd. and S line of Uphill Lane, area in proximity of the railroad overpass on Woodbury Rd. near the Suffolk County line.

Item S 18, Resolution No. 382 - Relating to the withdrawal of the Petition of Just Games of New York Corp. for a Special Use Permit to operate and maintain a family amusement center at Plainview, N.Y.

Letters To The Editor

Dear Sheila:

The recent dinner of the Hicksville Community Council was a most enjoyable occasion at which several people were honored for service to the Hicksville community.

It occurred to me that there is a man who, long ago, even before the inception of the community council, espoused its ideals. It was because of his efforts that Hicksville has the proud eagle from Penn. Station at the Hicksville R.R. station.

Sam Goldberg is not a Hicksville resident but has given dedicated service to the youth of Hicksville for twenty years, as a teacher of Latin.

He is presently a patient at Nassau County Medical Center, Room 724. It would be a fitting tribute if the members of the community to whom he has given long and unselfish service would remember him with a word of cheer to speed his recovery.

Yours truly,

Charlotte Krumm

Editor's Note: We thank Mrs. Krumm for this letter and for her great suggestion which we hope many will put into action.

To The Editor

I was not at all bewildered by Councilman Warren Doolittle's letter published in your last issue although he was bewildered by mine. Obviously being

bewildered about the feeling of his constituents is normal for the councilman, otherwise he would have gotten the message loud and clear. Fiscal responsibility, Mr. Doolittle, fiscal responsibility in school budgeting and in park planning was what my letter was all about.

"Trickery" is the least of fensive word that applies to the pool used to justify the school-pool-park complex that will cost the Hicksville taxpayers ten million dollars to finance and untold millions of dollars to maintain thereafter. Mr. Doolittle's answers to taxpayer questions and complaints at the May 22, meeting were in my opinion glib and evasive. Many taxpayers, however, did hear these statements:

1. "Each Hicksville family was polled. There are 12,000 Hicksville families. Eleven hundred replies were received of which about half favored a pool." This equates to THREE percent of the Hicksville families. If that fact is wrong, Mr. Doolittle should furnish revised figures. Nonetheless, based on that statistic, he justifies the expenditure of over 10 million Hicksville taxpayer dollars. Using Mr. Doolittle's words I again state "the return on the pool was insufficient for the determination of responsible conclusions."

2. "The only sure thing about this pool is that there will be a tax and it will increase each year." If he has been misquoted, Mr. Doolittle should set the record straight and state exactly what he meant or intended to say.

Finally fellow taxpayers, don't be misled by the BOLD-FACED statement in our councilman's letter. He says he will ask for a special election - IF the State Legislature sees fit to provide for it. Is Mr. Doolittle prepared to develop the Geise property park at about the same cost now programmed for the Old Country Road triangle until the State Legislature does see fit, or is he going to ram his over-elaborate school-pool-park complex down our throats?

In closing, it is necessary to remind Mr. Doolittle that we are for a park in the Geise property. That is what so many taxpayers fought for. But there is one hell-of-a-difference between the park envisioned by those fighters and that grandiose over-elaborate school-pool-park complex he is pushing. It appears to be his prime pet political pork-barrel project, and I for one, do not wish to pay bloated taxes for it - especially when those taxes will expedite the end of my residency in Hicksville.

Sincerely yours,
Frank H. Willard, Resident,
Citizen, and Ex-sheep

HICKSVILLE SOCCER (Continued from Page 10)

Another come from behind victory was earned by the 16 & under Girls over Massapequa, 2-1, in the semi finals. The coordinated whole team effort was supported by the accomplishments of K. McGovern at goal, plus J. O'Shea, M. Brill, C. Wayne, K. Dolan & D. Conway.

This same team drove to the League Championship by defeating Northport 2-1. Imagine the tension at half time as Hicksville took the field with a 1-0 margin. The first period score by P. Decker was added to by P. Conway in the second half to establish the Hicksville Girls as League champions. Goalie K. McGovern & FB line, Kathy Dolan, S. Stafford & J. O'Shea continuously repulsed the Northport attack. Alternating HB lines offered fresh inspiration and determination. M. Flynn, T. Maguire, Karen Dolan, A. Weber, G. Wayne, M. Jannette, L. Scully & M. Brill dominated the mid-field with aggressive defense & brilliant passing. Strikers K. Jung, P. Decker, P. Conway, D. Conway & K. Kolovich intimi-

dated the Northport defense. Manager Ann Camara and coaches Gert Conway & E. Camara have been rewarded for their untiring efforts.

Another League champion winner is the Peeewe Red team coached by Phil Muller. This hustling team beat Bohemia in the finals 2-1. Goals were scored by D. Spadero, with an assist by B. Cunningham, and the other goal was by F. Musumeci. L. Sneddon, on inside right, played a tremendous game. R. J. Nakashion, at goal, handled his job more than competently. The entire team is to be congratulated for their admirable efforts and good team play.

The annual opportunity to join the Hicksville American Soccer Club for boys and girls 6-19 will occur on June 14, 21 and 28 from noon to 4 p.m. at the Hicksville Public Library.

The second annual Soccer Club Picnic will be held on Sunday, June 29, all day, at Eisenhower Park. Ask your coach for details or call Tony Camara.

The regular monthly meeting will be held on Friday, June 13, 8 p.m. at the Hicksville Public Library.

Hicksville Fire Report

By Ex-Capt. Owen Magee

Teen Sets Off Smoke Bomb,
7 Injured

Hicksville Vamps responded to a General Alarm on June 3, 1975 at the Holy Trinity High School. The Alarm came in at 12:13 PM. Upon arrival, Vamps found smoke pouring from several windows. Firemen found that a smoke bomb had been set off by a student on a boys lavatory. Students were evacuated, but several students, two teachers, and a school custodian were taken to the County Medical Center and Central Gen. Hospital in Plainview after they became ill. Several firemen also suffered side effects from the sulphur smoke. One student was arrested.

Fire Report

During the period May 20 thru June 10, Hicksville firemen responded to 80 alarms, 22 false alarms-3 of which were accidental due to faulty alarm systems, 30 rescue calls, and 28 fire calls. Five malicious false alarms were turned in during the early morning hours of June 3.

Total alarms for May 1975 were 129. Fifty sounded alarms, 44 silent alarms, 35 rescue calls. Nineteen calls were malicious false alarms. To date there has been 109 false alarms for 1975. Total alarms were 550 for 1975 so far.

In other news, Hicksville firemen took top honors in the Plainview 9th Battalion Parade on May 31. The Ladies Aux. won 2nd Place and the Jr. Firemen took 1st Place. The Hicksville Drill Team took 2nd Place in the Drill held on Sunday in the Westbury Parade on June 7. Hicksville Men and Ladies both won 1st Place Best Appearing Units.

Best wishes for a speedy recovery to Ray Stubbins of Flood Light Co. No. 8. Ray is in Central General Hospital Recovering from injuries received in an auto accident.

Hicksville firemen mourn the loss of Honorary Fireman John Goscinski Sr. Co. No. 6. John, long an active member of the Fire Dept. died on May 30, after a long illness.

Bach's Choir Comes Alive

On Saturday June 21st at 7:30 P.M. in the Interfaith Chapel of C.W. Post College, Brookville, Long Island, Johann Sebastian Bach will appear in concert.

Impossible? No, quite the contrary. Bach's choir music is alive and well under the direction of Gerald F. Barker.

The Singing Boys of Long Island is a modern version of the famous St. Thomas choir of Leipzig, Germany, whose renowned choir master was Johann Sebastian Bach.

The Singing Boys of Long Island achieve a musical excellence rivaling even the renowned Vienna Choir Boys of Austria.

Featured on the evening's program will be Bach's Cantata No. 78, "Jesu, der du meine Seele" scored for soprano, alto, tenor and bass soloist. Also to be heard will be a number of selections from their newly released record album of "Concert Favorites".

The choir is internationally renowned for their appearances abroad and at home. During their

five European tours they have distinguished themselves in England, Italy, Germany, Austria, Czechoslovakia, Spain, Morocco, Holland, Belgium and France. They received a bronze medal from Pope Paul VI, for their magnificent Papal Concert with a Papal audience of 40,000 in St. Peter's Basilica. Were invited to sing a Mass with Cardinal Mindszenty in his private chapel in Vienna. Performed at Universities, Government Functions, Operas and concerts.

Mr. Barker, who is founder-director of the "Singing Boys", studied under the direction of Ferdinand Grossman, the late music director of the Vienna Choir Boys. He has also done advance work in the Opera School at the Vienna Academy of Music. Barker's list of credits and achievements as a professional artist and scholar adhere to his high standards for the disciplined artist.

Adult tickets are \$2.00; student tickets \$1.00. For information send checks to Box 205, Hicksville, New York 11801 or call (516) 681-0492.

Children's Activities At Hicksville Library

The lazy days of summer are upon us; again the Children's Room of the Hicksville Public Library will be a resort of summer fun and activity for all the vacationing children of Hicksville.

A very special reading club is planned for children in grades 3 to 7. Its theme this year is "The Time Machine". Youngsters can take a make-believe trip back into time and relive the fun and excitement of past history. From the time of the prehistoric dinosaurs up to the space age. The reading club will finish with a present-day bus trip for all those who read eight books.

Why not spend summer afternoons at the movies? Every Monday at 2 o'clock, beginning July 7th and running through August 11th, a unique assortment of children's films will be shown at the Library. All are welcome to attend a delightful hour of movie viewing.

Interesting and informative Art classes will be held for boys and girls in grades 2 through 7. Classes will begin at 10 o'clock on Monday or Tuesday, July 7th or 8th, and run for four consecutive Mondays and Tuesdays through July 28th or 29th. Four Tuesday afternoon sessions, from 1 to 3 o'clock, will run from July 8 through the 29th. There's a \$2.00 fee to cover materials used.

Children in grades 4 through 7, along with their parents, can bring out their creative abilities in our Handicraft workshop. Mrs. McLaughlin will conduct four 2-hour consecutive classes on Thursdays, July 17 through

August 7th, for grades 4 to 6; on Fridays, July 18 through August 8th, classes will be held for grades 7 and 8. All classes will begin at 1 p.m. The fee is \$2.99. Handicrafts created in class will be on display in the library.

Our annual outdoor event will feature the Puppetmobile from the Nassau County's Department of Recreation and Parks. On August 7th at 9:30 a.m., the talented puppeteers will present "Dink and the Dragon" and on August 27th at 9:30 a.m., "Golden Spurs" will be featured for all to enjoy.

For those who love the theatre the Library will present Oyster Bay's Theatre of Cultural and Performing Arts. This group will present "Rumpelstiltskin" on Wednesday July 9th at 2 o'clock, and "Birthday Island" on Wednesday August 6th at 2 o'clock.

Children 5 to 8 years old are invited to attend the Wednesday Morning Story Time, which begins on July 9th at 10:30. In this 6-week session, the Children's Librarians will be introducing the young people to many fascinating films and to stories both old and new.

Be sure to sign up early for all our exciting summer programs. Registration will be held in the Children's Room of the library during the week of June 23-28.

SENIOR MAJOR DIVISION

By Donn Joyce

West John Street Deli started the second half of the season by defeating Parr & Hanson Trees 7-2. John Mortati pitched a 5 hitter and walked only 3. Behind John's good pitching was excellent defense, especially the center fielder Mike Dunne, who robbed Parr & Hanson of at least 3 hits. Mike also had a triple and a double. Tom Smith had a triple.

Brian Davis, John Mortati, and Bob Manson had singles. Losing pitchers Billy Maracondo gave up 6 hits and walked 4. The 2 runs for Parr & Hanson & Hanson came in the last inning when Vinnie Berrios (who had 2 hits earlier) hit a double, then Donn Joyce doubled and Chuck Demarco singled.

In Parr & Hanson's second game they beat V.F.W. 8-1. Billy Maracondo was the winning pitcher. Each team had 9 hits. Parr & Hanson's hits being more timely. Chuck Demarco homered, Vinnie Berrios, Dave Joyce, and Joe Miracola hit triples. Dean Koutsoubis, Tom Kennedy and Billy Maracondo all had singles. V.F.W.'s pitchers were Robert Eifert, Tim Curley and Steve Pisani. Arte Card, Robert Corrado, Andy Lopedote and Patrick Scotti all had singles. Jim Hollorhan had 3 singles for V.F.W.

All other games were rained out and will be made up as soon as possible.

Time-lapse photographs show how gradual action of Grecian Formula 16 lets you control just how much gray you slowly get rid of... some of it or all of it.

White Plains, N.Y. — Hundreds of thousands of men all over the country are now using a remarkable product to control just how much gray they slowly get rid of. It is called Grecian Formula 16 and the results are simply amazing. Grecian Formula 16 is a practically clear liquid, as easy to use as hair tonic. This remarkable formula works for any color hair because it combines with the natural chemistry of the hair to recreate natural-looking color. There is no mess and no rub-off. You simply use it every day for two or three weeks until you slowly get rid of just as

much gray as you want. Some of it, most of it or all of it. You can stop where you like. You are in complete control of how much gray goes or stays. Once you get rid of as much gray as you want, simply use Grecian Formula once a week or so to keep it that way. Since Grecian Formula 16 works gradually over a period of time, even close friends won't notice the change happening. The resulting color is so completely natural that the hair definitely does not have a dyed look. Grecian Formula 16 is available at

 Most of this week's games were rained out. Of the games that were played Sizzler Family Steak House defeated International House of Pancakes 10-3. For Sizzler T. J. Bittner and Vince Sciarabassi got the win behind all-around team hitting. Mike LaGrasta broke out of a slump with 3 for 3 and Charles Porcasi had a good day going 2 for 1 at the plate. Good defense won the game for Sizzler with Vince Sciarabassi and Brent Harrison turning over the first double play of the year for their team. For Pancake House Joe Bergh had 2 singles and Bobby Hazelton, Tony Malczynski and Matt Katz all added singles. Frank Bauerschmidt had the big hit for Pancake House with a solid double.
 Long Island Collision bombed Long Island National Bank 27-8 with over 20 hits. Louis Sabato and Frank Sprufera held L.I.N.B. to only 4 hits. For L.I. Collision everybody got a hit and 5 players got 3 hits each. The big hitters were Paul Caltagirone with 3 doubles and Lisa Gveda with a bases-loaded triple.
 L.I. National Bank had their bad week topped off by another loss, this time 22-2 at the hands of Sizzler. For Sizzler Mike LaGrasta continued to hit, this

game going 3 for 4. Armand Keurian went 2 for 4 to come out of his slump. Again fielding was the highlight of the game for Sizzler with a solid but more important alert defense in the infield catching 3 players in rundowns.

 On June 2, John Autolino and Bobby Russo combined to pitch Circle Texaco to a 8 to 3 win over Malvese. Kevin Malone hitting his third and fourth home runs of the season, and Autolino hitting his fifth of the year, led the hitting attack for Circle Texaco. Good pitching, strong hitting and the defensive play of infielders Mark Calaisio and Dennis Woessner are the primary reasons for Circle Texaco's success this season.
 Cotton Lillien broke their losing streak in the second half, defeating Firestone 9 to 4. Bob Porcelli went three for three with a home run, double and single. Bob Jaeger chipped in with a

triple and a single, and Joe Cotton and Jimmy Hoosack each had two singles for Cotton Lillien. Peter Ressa and Jimmy Hoosack pitching for Cotton Lillien, allowed only five hits between them. The game ended when George Maggio fired a perfect strike to catcher Joey Cotton, who put the tag on a Firestone player trying to score on a base hit to right field.
 On June 5, Cotton Lillien won on a forfeit when Firestone failed to field a team of nine players. The game between Malvese and Circle Texaco was postponed due to the gym show at Burns Ave. School.

Lions' Garage Sale

At the last regular meeting of The Hicksville Lions Club, Lion President Anthony Sparaccio announced that the club will hold a garage sale on Saturday, June 21, from 9 A.M. to 6 P.M. The location will be 207 West Marie Street, just off Newbridge Road. President Sparaccio stated that the Club will feature terrific buys and bargains, and invites the residents of Hicksville to stop in and shop around.

Hicksville Soccer Club News

The strengthening and approaching summer sees a burst of activity in local intramural play and with the traveling teams around Long Island.

In Peeewe Division intramurals, Delaware and Mass. played to a 1-1 tie. While P. Ziembicki scored for Del., teammates M. Jaycord led an active field of P. Egbert, T. Demeo, K. Rice & J. Speros. The single goal for Mass. by I. Peskowitz was positioned by P. Pisoni, G. Greenberg, D. Schittin & J. Yudi, doing their jobs well in their positions.

On another field, the Minutemen defeated N. Hampshire 2-0 on scores by G. Mattola. In addition to shut-out goal keeping by K. Godwin, the back line of A. Calabrese, J. Shane & G. Abbott dominated the game.

Another 2-0 shut-out was pulled off by the Tigers over Maryland in spite of aggressive action by G. Condon, R. Human, B. Muller, J. Compress and goalie G. Tyranski. Tiger's scores came by boots from T. Lively & J. Schapp as the fullback line of B. O'Connor, T. Donovan & C. Garrity began the moves picked up by halfbacks C. Urban & J. Frost.

Georgia beat Conn. by the same score 2-0, with goals scored by P. Carcoran & K. O'Lanahan. Additional help came from the heads-up field work of P. Lagas, D. Fisher & K. Hopkins. Defending the Conn. position were N. McKenna, S. Hertz, S. Singer & M. Maduras.

In the Bantam Division, there was a batch of ties & close games

beginning with a Round 7 (2-2) tie between S. Carolina & N. Jersey. N. Jersey scores by M. Morga & T. Cusack, assisted by G. Sullivan, while the defensive effort was handled by H. Meltzer & R. Althous as R. Fremgen took good care of the goal. S. Carolina's scores were kicked by J. Prattini assisted by J. Abbattello & D. Burke assisted by T. Bell. Outstanding efforts on the part of V. Christiano & J. Young were obvious.

Round 8 play in the Bantams saw a Young Lion victory over N. Carolina 3-2. Winning goals were shot by M. Panza, P. Smith & L. Holland. The back line for the Lions, R. Weisdorfer, E. Garrity, J. Collins & M. Riley repeatedly returned the ball for the attack.

S. Carolina maintained their division leadership with a 2-1 win over Penna. Winning boots were by J. Abbattello, assisted by J.

Fratini, and D. Burke assisted by P. Bell. P. Magnuson at goal did a great job, as well as J. Young, V. Christiano & R. Edwins.

In the Midget - Boys Division, the R.I. team took Virginia by a 3-1 score, as winning boots were driven by T. Handschuh, J. Stafford & K. Cunningham. The entire fullback line, together with K. Smith & S. Stafford on the front line were responsible for the win. Virginia maintained their credibility with a score by R. Cripps, assisted by R. Stengl, while J. Morga & M. Slezak worked at the defense.

The 0-0 tie between the Legionaires & Vermont was one of the hardest fought contests of the day. Both goal keepers and the entire teams are to be congratulated for the quality of their performance.

In traveling news, all three of our teams won their games this

weekend. In State Cup competition, the Peeewe Red trounced Brentwood 3-0, in a semi final game. Scoring was by L. Snedden, L. Ziembicki & F. Musumeci. The obviously successful front line, including P. Schnur, and a back line of T. Levy, B. Maguire, B. Cunningham & R. Bell did a commendable job.

In a quarter final league game, the Juveniles took a come from behind thriller over Huntington. After scores by G. Fitzgibbon, R. Gearhart & K. Anglin, which kept us in the game, R. Dalton put the ball in the net when C. Wayne lifted a long cross in front of the net on a free kick. The full team effort included outstanding work by B. Dalton, at goal, K. Court & B. Cochran. The successful attack came from the spark plug S. Halajian.

Happy birthday to one of our favorite Hicksvillites, Mamie Stolz, who celebrated her 90th birthday on June 10.

Congratulations to Carolyn and Bill Naciewicz of 160 Old Country Rd., HICKSVILLE, on the birth of a daughter, Tracie Lyn, who weighed in at 7lbs. 7 oz. on June 6.

Congratulations to Evalyn Scott, daughter of Lynda and Tony Scott, on the medal she won participating in the New York State School of Music Assn. competition held Fri., June 6 at Seaford High School. Evalyn a 7th grader at Levittown Memorial H.S., played a violin solo. She is the granddaughter of Sheila Noeth of Hicksville, and the niece of Dot and Bob Bogart of Jericho.

Things have been pretty busy at the Frey household, Deer Lane, Hicksville. Fred and Claire Frey celebrated their wedding anniversary on June 1, and daughter, Diane celebrated her birthday on June 9.

Happy birthday to these active members of the Hicksville American Soccer Club: Thomas J. Cusack, Twin lawn Ave., Hicksville, Frank Schnur, Jr., Shepherd Lane, Levittown, both on May 22; Brian Drier, Chain Lane, Hicksville, and Troy Levy, Laura Dr., Westbury, both on May 23; Mark Bauman, Rover Lane, Thomas Dalenzik, Pollack Pl., Paul Greenfield, Brittle Lane, Robert Noirjean, Salem Rd., all of Hicksville, all on May 25; George Gates, Radnor Ct., John O'Shea, Ketchan Rd., both of Hicksville, on May 27; Ricky Breare, Hope La., Hicksville, and Anthony Luongo, Underhill Ave., Hicksville, May 30; and Mary Flynn, Cedar St., Hicksville, May 31.

Mr. and Mrs. Sheldon Levenson of PLAINVIEW, are the proud parents of a son, Barry Jason, born May 31 at Huntington Hospital.

Howard Hellinger, a junior at Hicksville High, has been accepted for study at the Summer Institute at Waldamar Medical Research Lab. Howard will be studying there during July and August.

As Chief Security Officer of the Nassau County Department of Recreation and Parks, Tom Connolly of 14 Milton Street, Hicksville, recently completed a Special Security Program offered by Michigan State University.

Helen Lupski of 20 Eighth Street in Hicksville and a teacher of Cake Decorating in the Hicksville Adult Education program entered a cake in the Hudson Valley Cake Decorating Competition in Poughkeepsie. Her entry, an Australian designed christening cake, won a trophy for Best of Show. Mrs. Lupski was in competition with over 100 other entries.

Three of her students also entered cakes and all won ribbons in their respective categories. Vera Dunalewicz of Hicksville won first prize in the Special Occasion category. Ann Jones won second prize in the Foreign Technique area while Jean DeGroot took second prize in the Holiday Cake category. All categories were separated into professional and non-professional divisions.

TOB Recreation News

SWIMMING PROGRAM

The Town of Oyster Bay is again offering an extensive aquatic program at four of its community parks.

A four-week learn-to-swim program will be conducted weekdays at the Town's Bethpage, Syosset-Woodbury, Marjorie R. Post (Massapequa) and Plainview-Old Bethpage pools from Monday, June 23 through Friday, July 18 and from Monday, July 21 through Friday, August 15. Forty-five minute sessions will begin at 9, 10 and 11 A.M.

Participants will be placed in classes according to ability, and adults may receive instruction in an evening session. Check with the local community park for further information.

Registration for the learn-to-swim classes will be conducted from Saturday, June 14 through Sunday, June 22 between 10 A.M. and 5 P.M. at the participating

parks. There is no fee.

Each community pool will also have a swim team which is a natural growth of swimming classes, Mosca explained, and special workouts with an emphasis on competitive swimming will be conducted. There will be five interpark meets plus the Town of Oyster Bay and Nassau County championships.

For additional information on the above programs and Red Cross swimming and life saving classes, contact the Department of Parks and Recreation at 433-8810 or your community park manager or swimming instructor.

WOMEN'S TENNIS INSTRUCTION

Registration for women's professional tennis instruction, which is being offered by the Town of Oyster Bay Department of Parks and Recreation, will be

conducted from June 16, through July 25.

Beginning the week of August 11, and continuing for 10 weeks, classes will be held once a week at the Syosset-Woodbury, Plainview-Old Bethpage, Bethpage and Marjorie R. Post (Massapequa) Community Parks and the Ellsworth Allen Town Park in Farmingdale. Classes will be limited to a maximum of 12 students and will be formed according to ability.... Beginner, Intermediate or Advanced.

Beginners will learn basic strokes, service, ball control, tennis strategy, net play and scoring. Intermediates will be taught baseline and service control, tennis strategy, net play, singles and doubles strategy and net game. Advanced students will

study singles and doubles strategy, net game, analysis of opponent and counter strategy, service and lob control and variations in shots.

The fee for the course is \$30.00 which does not include equipment (racquet, sneakers and balls). Applications are available at the parks and local libraries or may be obtained by calling Jean Larsen at 433-8810. Checks made payable to Town of Oyster Bay Tennis, must accompany all applications for registration. Completed applications may be returned to the parks or mailed with the check to Department of Parks and Recreation, 800 South Oyster Bay Road, Hicksville, N.Y. 11801.

GETTING READY....John Delewin and Eddie Gallagher prepare a clean jar while Jenny Niebuhr and Darren Munson check the growth of some *Cecropia* larvae.

Silkworm Project

Students at Willet Avenue School, Hicksville, are raising two varieties of silkworm moths in the Media Center.

The Bombyx Mori, used in the orient to make silk fabric, is especially interesting because it progresses through the full cycle of metamorphosis in a few weeks. The larvae are kept in large covered jars and fed fresh mulberry leaves until they spin their cocoons. These are then placed, for maximum visibility, in a dry fish tank with a stick to which the emerging moths can cling to dry their wings.

The project is important because (1) it shows the children how butterflies and moths pass through the four stages of metamorphosis and (2) it teaches them responsibility in that they have to care for the caterpillars by keeping the jars clean and seeing that they have plenty of fresh mulberry leaves to eat.

The cocoons and caterpillars were furnished by The Gregory Museum.

CRAFTS are just one of the fun activities of Trinity's VACATION BIBLE SCHOOL. Here we see an example of tie-dye. Two sessions of Vacation Bible School will be held this year—June 30-July 11 and July 28-August 8. Classes will meet Monday-Friday 9:00 a.m.

to 12 noon at Trinity Lutheran Church, 40 W. Nicholas Street, Hicksville. All children aged 4 to 14 are invited to attend. Call the office, 931-2225 for more information and registration forms.

L.I. General Aviation Week

An increasing number and variety of special, aviation-oriented activities are being set for Long Island's four counties during the week of June 22 through 28, proclaimed by Gov. Carey and County Executives as "General Aviation Week". The L.I. event is sponsored for the second year by the Aviation Council of Long Island.

The week's activities are designed to explain general aviation and the benefits that it generates in many areas of our society. "General" aviation is all aviation other than scheduled airlines and military flying, and includes private and corporate flying, medical, training, in-

dustrial, and agricultural application.

On Long Island, there are approximately 1,600 general aviation aircraft, 5,500 pilots, and 19 airports. Gross revenues on L.I. attributed to general aviation operations are in excess of \$50 million annually and growing rapidly.

Exhibits, demonstrations, and other activities are scheduled for shopping centers in Nassau, Suffolk, and Brooklyn, as well as in other locations. Arrangements were still being made at press time, with a full schedule of events to be disclosed just prior to the opening of the week.

Smith Haven Mall in

Smithtown, Suffolk County, will feature Cessna aircraft by McIntyre Aviation, Suffolk Aviation, Grumman-American aircraft by Northfield Aviation, models and exhibits from Islip Air Transport, Dowling College, Civil Air Patrol, the Federal Aviation Administration, and the Aviation Council of L.I.

Walt Whitman Shopping Center in Huntington Station, Suffolk, will feature Beechcraft aircraft, demonstrations of ice-detection systems by ARF Industries, exhibits by the Civil Air Patrol, the FAA, Islip Air Transport instrument panels and models, and Aviation Council of L.I.

Ensemble performed a concert consisting of a March and two major works selected by the adjudicators. One judge described the performance as "thrilling" and "magnificent". The result was a rating of A+ in Grade 6 music, which is the most difficult category.

Outstanding soloists were Janet Travis, Trumpet, Michael Pakaluk, French Horn, Valerie Sulzinski, Oboe, and Jay Yasen. Percussion, among others who made this such a superior musical organization. This year's officers are: President, Valerie Sulzinski; Vice-President, Michael Pakaluk; Secretary, Mary Daly; Treasurer, Nancy Stiehl; and Student Government Representative Steven Annenberg. The conductor is Mr. J. David Abt.

When was the last time you made popcorn at home? Fresh popcorn makes a great TV snack. If you're a calorie watcher, one easy way to cut down on calories is to simply trim visible fat from meat before preparing it.

INSTALLATION OF OFFICERS: of the Nassau County Council V.F.W. was held Sat., June 7 at the Crest Hollow Country Club, Jericho Tpke., Woodbury. Pictured above is Harry Werth of Hicksville, who is the incoming Commander of the Council. In the lower picture, Vincent Esposito, the outgoing Commander, congratulates Mr. Werth.

Wind Ensemble Tops Again

The Hicksville High School Symphonic Wind Ensemble earned its second consecutive perfect score in statewide competition. The group performed for a panel of judges of

the New York State School Music Association (NYSSMA) Spring Festival held in Levittown last Friday evening and for the second year in a row scored 120 points out of a possible 120. The

58 pound loser beats the bell.

One thing's for sure. You never see yourself as others do. At least, Sandy Vargo didn't—until she saw that fat picture of herself in horizontal stripes. She decided right then that she had to lose weight. So she bought a box of Ayds Reducing Plan Candy.

Before she was 16 years old, Sandy's eating had pushed her over 180 pounds. In fact, her fat kept her off the Honor Roll. She was an A student in all her classes, except gym. She just couldn't get more than C in that, because of tumbling on the trampoline. She'd always hang back near the end of the line, hoping the bell would save her. Occasionally it did. But it never saved her from getting into that horrible gym suit: one of those Navy blue bloomer jobs.

Her dad teased her about her weight, hoping she'd lose. "You'll never get a boyfriend," he'd say. But as long as she could curl up with a good book and a bag of potato chips, Sandy didn't care—until she saw that picture of herself at 182 pounds.

Being a bookworm, she'd read those stories about girls who've lost weight on the Ayds Plan. So she decided to buy a box of Ayds. It contains vitamins and minerals, but no drugs. You take one or two Ayds, as directed, and it helps curb your appetite. On the Ayds plan, you eat less because you want less, so you lose weight.

Sandy Vargo lost 58 pounds on the Ayds plan. Now she's looking forward to buying a bathing suit, maybe even a bikini. After all, if she can handle a trampoline, why not a bikini?

Ayds now comes in four delicious flavors: chewy vanilla caramel, plain chocolate fudge, chocolate mint fudge and butter-scotch fudge. Why don't you try one?

The candy that helps curb your appetite. Contains vitamins and minerals, no drugs.

Students Visit Action Council Programs

On April 30th, 35 students from the State University at Farmingdale Community Service Program visited programs operated by The Action Council of Central Nassau Inc., a Community Action Program serving the communities of Hicksville, Levittown, Uniondale and East Meadow.

The first stop on the itinerary was the Central Nassau Senior Center, 320 South Broadway in Hicksville. There the students observed the program in action and were given an over-view of

all the programs of the agency. The students were also able to visit some of the other programs operated by the Action Council -- YOUTH & FAMILY SERVICES, a family counselling agency; YOUTH EMPLOYMENT SERVICE; and the CENTRAL NASSAU CHILD DEVELOPMENT PROGRAM a child care program serving 90 children.

Everyone taking the tour came away with a better understanding of the workings of a Community Action Program, and felt that the afternoon had been well spent.

LEGAL NOTICE

SUPREME COURT: NASSAU COUNTY RIDGEWOOD SAVINGS BANK, Plaintiff, against SALLY LODATO, Defendant.

In pursuance of a judgment of foreclosure and sale, duly made and entered in the above entitled action, and bearing date the 7th day of May, 1975 and duly entered herein, the undersigned, the Referee in said judgment named, will sell at Public Auction to the highest bidder at the front steps of the Oyster Bay Town Hall, at Audrey Avenue, Oyster Bay, Nassau County, New York, on the 2nd day of July, 1975 at 11 o'clock in the forenoon, the premises directed by said judgment to be sold and described as follows:

ALL that certain lot, piece or parcel of land, with the buildings and improvements erected thereon, situated in the Town of

Oyster Bay, County of Nassau, State of New York and beginning at a point on the westerly side of Underhill Avenue, distant 448 feet southerly from the corner formed by the intersection of the said westerly side of Underhill Avenue with the southerly side of West Nicolai Street, being a plot with a frontage of 56.36 feet on Underhill Avenue and being in dimension the said 56.36 feet by 91.70 feet by 56.36 feet by 91.36 feet and more particularly described in said judgment, said premises being known as 88 Underhill Avenue, Hicksville, New York.

FLAG DAY (Continued from Page 4)

National Flag Conference in Washington on Flag Day, 1924, added, for the sake of greater America." On Flag Day, 1954, President Dwight D. Eisenhower signed an Act of Congress adding the words "under God." For greater meaning and proper presentation when reciting the Pledge there should be only three pauses: (1) After "America," (2) After "stands," and (3) after "indivisible."

Due to the fact that no author was mentioned when the Pledge appeared in 1892, few knew who actually had written it and in time its origin was completely veiled in obscurity. This is the story of how the Pledge of Allegiance came into being, and of a long delayed tribute to its author.

James B. Upham was a man imbued with patriotic fervor. At the close of the last century he was a partner of the firm publishing the YOUTH'S COMPANION, a juvenile periodical of Boston. One of his strong beliefs was that an American flag should be flown over every schoolhouse. To this

dreams for the President of the United States, Benjamin Harrison, enthusiastically endorsed the plan and declared a national holiday for Columbus Day, October 21, 1892.

Bellamy asked the President to write a Proclamation announcing the Columbus Day Observance, but Harrison told Bellamy to write it himself since he knew exactly what he wanted said. So, Bellamy wrote the Proclamation for the President. They next wanted a Declaration for the programs in all the schools and Bellamy also wrote this. It was entitled "The Meaning of Four Centuries," and Bellamy gave it personally in Boston.

There was great excitement in the schools throughout the land during the months preceding the great day of celebration. Committees were busy at every school, planning the Columbus Day program down to its finest detail. It was understood by all that the climax and the most important and impressive part of the ceremony would be the raising of the flag and the salute to it by the students.

ACCIDENT REPORT

May 13 - 7:50 p.m. - A motorcycle operated by Joseph M. Cirillo, 29 Marilyn Blvd., Plainview, and a car driven by Eleanor Darfman, 59 Blanche St., Plainview, collided on Nassau Ave., at Orchid St., Plainview. Joseph M. Cirillo was taken to Central General Hospital with contusions of the lower leg.

June 5 - 4:15 a.m. - A truck operated by Richard Demczyszyn of Lodai, New Jersey, and cars operated by Sam Tremini, 363 Central Park Rd., Plainview, and Eugene Delgado,

of the Bronx, collided on the L.I. Expressway, 100 feet west of N. Broadway, Jericho. All three were westbound at the time. Injured and taken to Central General Hospital were: Richard Demczyszyn, minor head bleeding; Sam Tremini, upper arm pain; and Eugene Delgado, back pain.

June 5 - 5:30 p.m. - A motorcycle operated by Heinrich Frankenberg, 158 Plainview Rd., Hicksville, lost control and flipped on Woodbury Rd., at Dunne Dr., Woodbury. He was taken to Syosset Hospital with upper leg pain.

June 5 - 10:50 p.m. - A car driven by Linda Arnett, 166 Morton Blvd., Plainview, collided with a tree on Manetto Hill Rd., 300 feet east of Gilbert La., Plainview. She was taken to Central General Hospital with minor bleeding of the face and shock.

Doolittle Honored

Oyster Bay Town Councilman Warren M. Doolittle has been selected as the recipient of the 1975 Friends of Recreation Award by the Nassau Recreation, Parks and Conservation Association, Inc.

Each year the Association honors individuals and groups who have made outstanding contributions to the recreation, park, and conservation movement in Nassau County. The Friends of Recreation Award is given to a layman or professional who has evidenced concern and achievement in this field.

Councilman Doolittle, who has served on the Oyster Bay Town Board since 1970, will be feted at a dinner on Friday, June 13th, at the Knights of Columbus Hall, Oceanside.

TOB Joins Social Service Program Aims At Decreasing Assistance

Town Supervisor John V. Burke has announced that the Town, cooperating with the Nassau County Department of Social Services, plans to initiate a public works program that will allow individuals receiving social service assistance to work for that allotment by being assigned to various Town departments.

The project will provide employment and work experience to individuals receiving assistance, and at the same time increase Town manpower at no additional cost to the taxpayers.

"This is an excellent opportunity for everyone involved,"

Supervisor Burke explained. "The Town will benefit by having additional employees and the individuals will be given the opportunity to contribute in a dignified manner for the assistance they are currently receiving. Ultimately, it is hoped that the experience will enable them to eventually move off assistance into employment, thus lowering the County welfare rolls."

The resolution passed today by the Town Board is a commitment to participate in the program, and the only obligation to the Town will be to maintain time

sheets on the individuals sent by the Department of Social Services. The Town has reserved the right to discharge anyone sent by Social Services, and the individuals will be considered County employees on assignment to the Town.

"The Town Board feels that participation in this program, which we hope to have in operation in the near future, will prove to be in the best interests of all involved," Burke said. The starting date of the program and the number of individuals to be involved will be determined by the Social Services Department.

At St. Ignatius

The distinguished Brentwood High School Chorale will join forces with the world-travelled Canticum Novum Chamber Choir and orchestra in an encore performance at St. Ignatius Loyola Church on Broadway in Hicksville, on Sunday, June 15th at 4 P.M.

Under the direction of Don Haines Guidotti, the church's Minister of Music, the concert will include the rarely heard French Baroque TE DEUM of Marc-Antoine Charpentier, a cappella literature of Josquin, Lassus, Brahms, and Britten, and music from GODSPELL complete with rock band.

A truly remarkable program - the church is air conditioned, and admission is free.

EAGLE AWARD...Congressman Norman F. Lent (3rd Left) presented a flag which flew over the U.S. Capitol to brand new Eagle Scout David Niebuhr of Hicksville. Lent made the presentation at the United Westbury Methodist Church with the help of (l to r) Niebuhr's sister Jenny-Jean, his mother and father, Mr. and Mrs. William Niebuhr and scoutmaster Bill Hutter.

Fire Paramedics Save Heart Attack Victim

By Ex-Capt. Owen Magee

Paramedic Medical Technicians, members of the Hicksville Fire Dept. rescue squad, respond to between 30 to 50 rescue calls per month and in some cases it is a life or death situation. The Rescue Squad during the past year has been busy not only responding to calls, but busy at school learning new skills and updated medical and first aid procedures. The squad has many E.M.T. (Emergency Medical Tech.) and 15 A.M.T. (Advanced Medical Tech.) trained in the operation of the latest heart monitoring equipment which is carried on both the ambulance and rescue truck. Since this equipment has gone into service it has been used many times.

On June 4, the Hicksville Fire Dispatcher received a call for the rescue squad for a heart attack

victim at 9 Jerome Ave. Hicksville. The alarm came in at 10:57 P.M. and Eng. Co. 2, located not far from the scene, responded and started to administer oxygen. Units of the rescue squad arrived and hooked up the patient to cardiac base at the N.C. Medical Center in East Meadow. The patient's heart beat was monitored and recorded. While the Vamps were working on the victim he went into full arrest (no heart beat, no breathing.) Drugs were administered via intravenous method. Cardiac Base, then ordered the patient defibrillated. The first time there was no reaction. More drugs were administered and again the victim was defibrillated. This time there was success and a good heart rhythm was established.

The patient who was 58 yrs. old was rushed to Syosset Hospital, where at last report he was

holding his own in the intensive care unit. Doctors credited the Vamps fast response, drugs and use of the new heart equipment for saving the victim's life. Squad members were elated with the rescue. Everyone, from the victims family to the Fire Dept. did the right thing - with no waste of time, the time factor was crucial in saving this life. With this in mind we wish to point out that although 911 is good it is better to call the Fire Dept. Rescue Squad direct. A call to 911 will get you a police car first to check out the seriousness of the call, then an ambulance. By calling the Fire Dept. you get experienced medical technicians in minutes, with all the necessary equipment needed. This time difference could mean survival. Remember - for fire or rescue call the fire department. Direct at 931-0026.

Hicksville Paramedics who took part in June 4th rescue go over the heart monitoring equipment. Left to right - Richard Russell, Gene Pietzak, Bill Thunell.

and pupils to do their best then my work has not been in vain ... Hicksville is proud of its public school buildings, but the history of the schools of a community cannot be told in consideration of the buildings alone. It is the deeds and achievements in the lives of the hundreds of boys and girls who have attended these schools made possible by the untiring efforts of all those people in Hicksville who have tried con-

tinually to meet the everchanging needs of youth that the history of these schools is written." Miss Farley then spoke fondly of the large pageant, the Junior-Senior High School created for the 1948 Tercentennial Celebration, saying that she is donating a large collection of pictures of the school program to the historical committee of the Gregory Museum.

Mr. Raymond L. Rusch, Principal of the Hicksville Senior High School, spoke as an alumnus of the honored school, briefly but warmly recalling that some of the fondest memories of his life, concern the old school. A moment of silent tribute followed, a touching recollection of the service of former Junior High School Principal Bernard H. Braun and other deceased Junior-Senior High School personnel.

Moving now to special features of the program, following delightful medleys of musical show melodies and popular airs played by the school band, Dr. Jerome Niosi, retiring Superintendent of Schools made a presentation of the Valley Forge Teacher's Medal on behalf of the Freedom's Foundation to Junior High School teacher, Richard Evers, cochairman of the Fiftieth Anniversary Program. Dr. Niosi explained that the Teachers' Medal is presented in "recognition of distinguished inculcation of the patriotic appreciation of the American way of life among students."

Mr. Joseph Giambalvo on behalf of the Junior High School faculty and administrators then presented a "Fiftieth Anniversary Plaque" to Mrs. Iris Wolfson, School District 17 Board of Trustees member, who accepted the plaque on behalf of the school. Copies of the first Junior High School yearbook, *The Meteor*, by coincidence just published, were presented to the program guests of honor by editors of the yearbook after an introduction by Miss Susan Flanagan, president of the Junior High Student Council.

A splendid American Revolution bicentennial gift was then made to the Junior High School (Principal William Feigin receiving the gift) by Past Commander John Rizos of the Charles Wagner Post 421 of the American Legion. The Legion gift consists of a complete set of thirty-seven, large, framed colored portraits of "The Presidents of the United States."

The formal ritual and commemoration at an end, the "socializing" of this splendid day began. All in attendance were invited to see a large display of old yearbooks and school photographs and memorabilia in the Boys Gym and to partake of light refreshment provided by the Parent-Teacher Association under the Chairmanship of Mrs. Christine Chahen and Mrs. Shirley Smith.

Congeniality, fraternization of old classmates and teacher colleagues, reminiscence and sheer delight were present on all sides. In the large Boys' Gymnasium many visitors enjoyed finding old schoolmates, relatives or themselves among the hundreds of yearbook and old school photographs lining both entire bleachers of the gym and arranged by Richard and Ann Evers according to decades by graduating class grouping or activities. A large birthday cake, provided by the Junior High P.T.A. and baked and decorated by students of the bakes baking class was cut by Miss Farley when she was finally able to "escape" from her many excited former students and friends.

After a buffet luncheon for the honored guests and program participants and tendered by the Parent-Teacher Association Council of Hicksville, the indomitable Mabel Farley was driven to the airport. Although slightly infirmed by a fall and sporting a cane, the chipper 92 year old "aviatrix" climbed aboard her chartered Piper two-engine Aztec aircraft, waved farewell to the 50th Anniversary Program Cochairmen Evers and Wessell and flew off to new adventures and horizons.
