A Brief Meditation

Suggested by the Rev. L. S. Luisa, pastor of Holy Trinity Episcopal church, Hicksville.

Read St. Matthew 9:35-36 - And Jesus went about all the cities and villages, teaching in his synagogues, and preaching the gospel of the kingdom, and healing all manner of disease and sickness.

WHAT IS the cause of suffering? There are many causes. In part it is the result of our own folly or sin, in part the result of others' sin—as in the horrors of war. We cannot account for human suffering. Sometimes it is increased by human sin or incompetence, as when medicine is put in wrong bottles. Sometimes human sympathy lightens it. Sometimes suffering is wittingly accepted and shared—the case of Father Damien among the lepers. We ought to be on guard against laying it to blind chance, and even more to God's unfeeling indifference. "Neither did this man (blind from birth), sin, nor his parents; but that the works of God might be made manifest in him" (John 9:2). As the proverb has it, "Man's extremity is God's opportunity."

From cover to cover, the Bible insists that suffering can be faced, accepted, mastered, and transformed into blessing. You need not deny or ignore it. You can do something with it.

Suffering can be faced, accepted, mastered and transformed into blessing; sometimes it can be ended, through the healing of disease. In Jesus, we see the Gospel in action. It is the Gospel of perfect divine love and compassion.

I See It This Way

DOLLARS FROM HEAVEN

I am writing today, Monday, June 21. It has been raining all day and this rain coming just at the time when it was very much needed, is a good omen. Millions of dollars to farmers of New York State. Two or three weeks ago pastures were green and growing rapidly, corn was up, grapes were commencing to head out. A week ago pastures were commencing to turn brown, having been in full progress and we were beginning to complain of dry weather. Today this general rain will insure a good corn crop, will refresh the pastures and will do no damage, except to what hay may be cut and partly cured.

This rain, as I observed it, was gentle enough so that it has done no damage to what hay is in meadows which have not yet been mowed and yet it has rained enough so that it has given the crops a good soaking. There is no section of the United States where the moisture supply is more reliable than it is right here in New York State and I suppose that is one of the principal reasons why it is such an excellent climate for general farming and dairying. We have dry spells and wet spells but usually neither of them long enough duration to do any great damage. On the whole nature has been good to us here in New York State.

Last week I attended the formal dedication of the new regional market at Breezy Point, N. Y. I was impressed with the idea that if similar markets can be located within reasonable hauling distance from all agricultural portions of the State, it may have a profound effect upon the agriculture of the State, and the welfare of the regions why we have permitted ourselves to drift into almost complete dependence upon milk as a

Hot Fudge Sauce

- 1/2 square unwatered chocolate
- 1 cup milk
- 1 cup sugar
- 2 tbsps. light corn syrup
- 1/2 teaspoon vanilla

Add chocolate to milk and place over low flame. Bring to a boil and cook until mixture is smooth and blended, stirring constantly. Add sugar, dash of salt, and syrup, and stir until sugar is dissolved and mixture boils, continue boiling without stirring until a small amount of sauce forms a jelly mass in cold water. (220 F.) Add vanilla. Serve hot on ice cream or other desserts; or serve cold.

Buick Gets Third Choice of Space, Eisemann Reports

Buick's forward strides in sales during the past year have resulted in the award to him of third position in the allotment of space at the 1938 National Automobile Show in Grand Central Palace, New York, according to word received today by P. J. Eisemann, Hicksville Buick dealer, from W. F. Hufstader, general sales manager.

When the annual automobile show opens this Fall, the spotlight will be on Buick because of this distinction. "Mr. Eisemann said, "According to the information from Mr. Hufstader, choice of space is granted by the Automobile Manufacturers' Association, which sponsors the New York show, on the basis of the dollar volume of sales by members of the association during the 12 months ended May 1. Buick's sales for the year ending May 1 were the highest during the third period, Buick wins the right to one of the choicest display spaces in the great exhibition hall. Mr. Eisemann said the Buick shift to third position will constitute the major change in arrangement of displays at the National Automobile Show this year. Buick climbed to its present place from sixth position last year, he said.

In his letter to dealer, Mr. Hufstader praised the Buick retail organization for the splendid achievement.

"You will be proud to learn," he said, "that Buick has been awarded third choice of space at the National Automobile Show in New York City this Fall, having achieved third greatest dollar volume of sales among A. M. A. members of the year ended May 1. This is indeed an outstanding record and congratulations are due Buick dealers and their salesmen, who accomplished it. It is a tribute to the entire dealer organization and to the splendid Buick car."

Drive for Safe Summer Traffic Underway in N. Y.

ALBANY - Law enforcement agencies (State troopers and State Motor Vehicle Bureau) joined forces today in their campaign to make New York State safe for summer driving.

"Police officers, both of the State and voluntary and of communities throughout the State together with traffic court officials have declared their intentions to "crack down" on reckless and high speed drivers."

At the same time, Commissioner Charles A. Harrett said the Motor Vehicle Bureau will continue to suspend and revoke of licenses to drive.

Pointing to the 501 persons killed in New York State last year during June, July and August, Commissioner Harrett said figures compiled by Bureau statisticians show that traffic deaths skyrocketed each year during these three months. He cited more cars on the highways and vacation periods for school children and workers as the leading contributory factors.

Encouraged by a state-wide decrease in auto accidents thus far this year, safety officials are hopeful that the campaign will check the usual high summer accident toll which would probably near the State's accident record. During the first five months of this year, New York State showed a 17.9 per cent reduction in traffic deaths over the corresponding period of last year. Should this downward trend continue, Harrett said New York would have one of the finest accident records in the nation for 1938.

An important spearhead of the

summer campaign will be attempts to lower the percentage of 142 child fatalities reported during the June-August period. "We hope to improve this list with the necessity of carefully in localities where children are at play. The State Bureau declared: "The children are the most vulnerable of the population. If the most is to be done to prevent a life is lost. The State will continue to enforce its laws on controllable rates of speed."

Tax Sale Proceeds At County Seat Oyster Bay Sold

Sale of Hempstead property which taxes for 1936 and 1937 had been unpaid was held today at the county seat, Oyster Bay, Long Island.

County Treasurer Henry Hoxter reported that the sale of tax lands in Oyster Bay was disposed of during the day of the sale Tuesday. Several bids as low as 25 cents per acre were received, and the average was six per cent property offered on the block at a county tax sale at the legal maximum of 10 per cent, which is what is in competition among bidders. During the morning nearly 50 persons attended the auction while during the noon the number of bidders spectating had been reduced to about 25. Most of them were professional buyers.

Deputy Treasurer Fred T. represented the county treasurer office during the auction.

PLAYHOUSE FILM TIMETABLE. Table with columns for days (Friday-Saturday, Sunday, Monday, Tuesday, Wednesday) and times (2:15, 7:15, 9:00). Lists film titles like 'Kentuck Moonshine', 'Lone Ranger', 'Saint in New York'.

later, when the dogs of war again baying over Europe, comes a motion picture based on the impressive play by Erich Maria Remarque, 'Three Comrades'.

The three comrades are Robert Taylor, Francklyn Young and Robert Young. The woman in the narrative is portrayed by Margaret Sullivan who plays the beauty of a doomed romance with a poor war veteran.

'Test Pilot' Starts On Sunday at Playhouse. The most modern of heroes, airplane test pilot, are glorified in Metro-Goldwyn-Mayer's first aviation picture in more than two years.

Clark Gable plays the title role as a daring aviator, willing to risk life and limb for a job he loves, living every minute of his life up to the hilt, existing on "borrowed time."

Myrna Loy plays an unopinionated farm girl who marries the famous flyer and finds herself combating the unseen lure of the sky in a battle to win the love of her husband.

Spencer Tracy, as the best mechanic in the business, takes care of Gable's plane and takes care for one man. Spencer Tracy has just been awarded a gold statuette for the best acting performance of 1937.

Director David Butler will assure you that one has to burn down an entire city, as in 'In Old Chicago,' arrange a major war, or have the Ritz bring a film before more than one camera may be used to film a single scene.

Production budgets will permit a mad battle, an airplane crash or a mob stampede only one. Therefore long shot, close up and medium range cameras are used to get all angles of a scene the first time.

The hilarious Ritzers require three cameras for their specialty numbers, the reason for which Harry Ritz (the one in the middle-sometimes) explains thusly:

"We have a general idea of what we're going to do when we get into a scene, but once we start we just throw into it whatever comes into our minds at the moment."

If there were one camera on us, say in a long shot, we wouldn't be able to remember what we did when a close-up is required. That is why three cameras work at the same time. One takes the long shot, one medium and one the close-up.

The Ritz Brothers' latest comic effusion is in their starring production, 'Kentucky Moonshine,' today and Saturday at the Playhouse. Tony Martin and Marjorie Weaver are featured in the cast. Including Slim Summerville, Sam Rardin, Wally Vernon, Bertie Churchill and Eddie Collins.

The immunity of racketeer barons from punishment, and the helplessness of the police in dealing with them by legal methods, forms the background of dramatic thriller, 'The Saint in New York,' which is co-featured today and Saturday.

The screen "bad man" as so popular that they had to make a hero out of him!

That's been Paramount's experience with Lloyd Nolan who leads the cast of 'Tip-Off Girls,' the drama which opens this week. Nolan plays a G-man who finds gang-busting a tough proposition for a "man in love" with the ring-master's beautiful secretary. He is supported by a cast of well known character players, including, Mary Carlisle, Roscoe Karns and Larry Crabbe.

'Three Comrades' Comes To Huntington For 4 Days. Coming to the Huntington Theatre next Tuesday, Wednesday, Thursday and Friday is a picture no movie fan can afford to miss. It is 'Three Comrades.'

It was abrupt and unreal when the Armistice brought quiet on the western front. Now, years

Looking Forward

By Franklyn Waltman, Publicity Director, Republican National Committee

Events of the last week have demonstrated beyond dispute that President Roosevelt and his Administration is determined to use the full resources of the Federal Government to bring about the election this year of Congressional candidates willing to be "yes men" to him. It is obvious the Roosevelt Administration, having lost the confidence of the country, shamelessly proposes to perpetuate itself in office by the ruthless use of money and arbitrary power.

First of these events was Mr. Roosevelt's amazing "chat" in which he undertook to read out of the Democratic Party everyone who does not see eye-to-eye with him.

He frankly expressed his disdain of those he termed "yes, but" fellows. That speech set the course for the Roosevelt Administration this year. Thus what subsequently happened, even though it has sent a shock through the country.

Hardly had the echo of the President's words died away than Federal Relief Administrator Harry Hopkins announced increases in W.P.A. wages in 13 Democratic Southern States, as well as in Kentucky and Oklahoma.

Why Kentucky and Oklahoma? Well, perhaps it is these States the New Deal is engaged in desperate struggles to renegade two of its chief followers.

Kentucky and Oklahoma Fight. In Kentucky, Governor "Happy" Chandler is seeking to unseat "Dear Alton" Barkley, the Senate Democratic leader, in Oklahoma, Senator Elmer Thomas, leader of the New Deal inflation bloc, is beset by two opponents for the Democratic nomination.

And, also, in Oklahoma, William H. Murray, a severe critic of Mr. Roosevelt, is seeking the Democratic gubernatorial nomination. (Continued on page 5)

Mr. Williams was also quoted as saying that "I have the feeling that as long as you and I live, the Government is going to support symphonies."

"And the same thing goes for painting and writing," he continued. "There may be lapses. But I have got a conviction that the American people have lasted blood here. The men who stand for these sort of things are the men you are going to send to the elections."

"The Deputy Relief Administrator's theme was that W.P.A. should pay relief workers the same wages prevailing in private industry. He urged his audience to ask for fighting for W.P.A. wages — and he made it clear that such fighting should take place at the polls this year. He asked his audience to 'keep in mind that a government can get no further than it can get paid for' — which is a pregnant thought, even though it is not grammatical."

It is no wonder that cries went up from all sides for the immediate dismissal of Mr. Williams. But from the White House came nothing but silence. Nothing else, however, could be expected from an Administration that opposed with all its resources efforts in Congress to punish those who play politics with human misery.

"Hands Off Ballot Box" Add to these incidents the amazing action of the National Labor Relations Board in effecting the American Rolling Mill Co. for violation of the Labor Relations Act by taking part through its officers in a municipal election at Ashland, Ky., where the company has a plant.

This was too much for the New Dealist but straight shooting Donald R. Richberg, who blocked the action by denouncing it as "flagrantly unconstitutional" and as one subjecting business to "intimidation by the threat of prosecution."

"The National Labor Relations Board must keep its hands off the ballot box," declared Mr. Richberg. He might have added "The New Deal must keep its hands off the ballot box."

LOW DOWN From Hickory Grove

I USED TO KNOW a feller in Manassas, his name was Henry—and he was just about a champion, I reckon, yarns with points to 'em. Every time they cannot tell jokes—maybe it was or maybe it wasn't, from practical Henry, he has one for every thing.

And not long ago he dropped a seed me, and he has not changed. As he said, do you know, Jo, the way Uncle is diving into everything, he is adding a pixilated, and he reminds me of the about the lighthouse the Govt. built.

And this lighthouse, a feller by name of Tony, he helped to build. When it was finished, Tony says, he is crazy; he spends a lotta money makes a nice lighthouse. And when it is all finished, and they turn on the light and toota the horn, and ringa the bell, what happens? Well, says he, the light come in all the same—Sambo is in the way.

This, maybe, he is pretty good do not know, but pardner, Henry has stories that are appropriate. Yours, with the low down JO SERA

WE ALL KNOW that "Dear Alton" Barkley said Democratic leader of the Senate a state of affairs over his prospects for reelection in Kentucky. But Senator Barkley has not talked non-sense, not even when he has been talking non-sense. Such a man as Senator Barkley uttered in opening his mouth may mislead many people who are not familiar to check up on the accuracy of a said.

As quoted by the Associated Press, Barkley said President Roosevelt had increased the debt from \$16,000,000,000 to \$20,000,000,000. President Roosevelt, he said, had increased the debt from \$2,000,000,000 to \$4,000,000,000, which is not being repaid. Thus, he put the net on the national debt under Roosevelt at \$16,000,000,000. The debt under Hoover was \$2,000,000,000. So, first, let us get our figures correct. The national debt in 1929 was \$2,000,000,000. It was approximately \$17,000,000,000 in assumed office—was \$21,400,000,000 in 1933. The debt in 1933 was \$21,400,000,000 when he went out of office. The \$4,000,000,000 which is not being repaid. Safety Council Prepares Code For Truck Drivers

A code for the "Gentlemen of the Road" as America's truck drivers have been dubbed, has just been published by Greater New York Safety Council.

This 14 page pamphlet is called "Rules Governing Commercial Vehicle Drivers" and has full approval of the Interstate Commerce Commission.

Reaction time and braking distance with four-wheel brakes for various speeds and braking abilities are presented in chart form.

General rules for the professional driver include the following: 1. While on duty driver should have chauffeur's license and registration card for each state.

2. The use of intoxicants is prohibited while on duty or while on company premises. 3. Smoking while in company garage or while vehicle is being hauled.

Since one-third if the natural content of wool is moisture, carpets and rugs will last longer if the air in the home is not too dry.

In some parts of Europe eggs are safeguarded from molds by storing them in sealed containers of inert gas, such as nitrogen or carbon dioxide.

The first china dishes resulted from attempts to reproduce the white, translucent Chinese porcelain which traders brought back to Europe in the 17th century.

Industry proposals beyond the supply and demand law that seems to govern all agricultural prices. Many would pay the dairyman for limiting his milk production in the spring the same as the Federal government pays farmers for not raising pigs, corn or cotton.

Should the Constitutional Convention pass something covering maximum price fixing as well as production control, both the dairyman and the consumer might get a needed break!

WHO WROTE IT? Some of these days

By Joseph R. Finkle HIS legs were too short to teach the bellows of an old piano organ when his self-edited music began in Amherst, Ontario.

Between shows - backstage - he would sit at the piano, hours at a time, improvising melodies. Early in 1910 he evolved a melody which he believed should become a popular song.

Westchester contingent cannot be overlooked, while those from Manhattan and the Bronx on hand in crowds. At a recent contest the "student body" consisted of more than 700 male students.

Professor Kysar's music is being thronged of devotees from the Pennsylvania Road. His selection "Hi Ho Silver" brings down the house and has been such a success that the band is to be changed.

from the Sidelines

By BERNARD F. MCGUNNIGLE

BRING THE EAST two weeks, some of the oddest incidents occurred and it will be interesting to see the magnates of the Nassau-Suffolk Loop handle their Sunday afternoon, the rejuvenated Bethpage AC out the Huntington Pirates in a thrilling 6-5 score tie.

The game will probably not stand as a win for the side as they used three members of the Farmingdale team. Ronnie Cereoli and his batterymate, Ted Abramowitz, worked for the Pirates and Donnelly, former Datsog, also figured in the upset triumph of the Bethpage.

It is doubtful if these players were given their proper releases by Gene Leyendecker of Farmingdale. If not, the Pagites haven't even a limb to stand on. (This is bad for the Hicksville club, as it sends them down into fourth place). However, even if the Pagites do lose this contest, it appears well for their side in the last half which gets underway on Sunday afternoon, as these players will be able to down a Bethpage without fear of being disqualified.

The other incident has a connection with Bethpage since the week prior, Syosset used Velsor in the outfield as they walloped the Pagites 12-2. Now, Manager Lynch says that Velsor's name had been placed on a 15-player list but from what I hear, the lists should have been in some weeks ago and only this week are teams turning them in. It would be mighty easy for any manager to slip on a name when the list is turned in. Rumors have reached this department that Velsor of the Syosset manager were not so chummy and I seriously doubt if his name had been on that player list prior to the Bethpage contest. And so, I hope that the league looks into that contest and passes commitment upon it.

There is no doubt that the league is functioning poorly at the present and already fans are resenting umpires chosen by the league officials and if this thing and installing of players continues whenever a team so desires, why have a league at all?

OSSET, AGAIN—

The local fans will certainly know on Sunday afternoon if the Syosset club holds a jinx over the Black and the Hicksville outfit. Syosset topped the Field club this season and by the identical count, 5-3. Hicksville absolutely needs Sunday's game to remain in the running for the coveted title as they are trailing the boys by two full games and another loss makes it three only nine games remaining to be played.

Syosset has been installed as a heavy favorite following Hicksville's dismal performances over the past week when the Field club dropped a 7-3 decision to the Braves of Huntington and then barely downed Carle Place 4-0 on the Fourth. Hicksville's defense has been very erratic of late while the offense hasn't been right since it battered Ronnie Cereoli from the mound some four weeks back.

Meanwhile the Maroons haven't had such easy sledding as their highly rated pitching staff has been getting lumps quite regularly with only the geared batting pulling them through. And now and then the Brookline club appears in an appearance and mayhags that happen Sunday, too. Be careful Dan.

I'm quite sure that the local nine hopes the Maroons at full strength for Sunday's game because if they do they want to go in a fashion that will put the Hicksville fan's faith behind the Black and White once again.

BACK RECORDS—

Below this column you will find a list of the track records for the past ten North Shore Track and Field Association Meets as compiled by E. H. McElroy of Peter Bay.

These records are fascinating things and as my friends tell me, I am a lover of statistics and records and these interested me, I figured that you sports fans would like to know what the existing high school records the north shore are.

Three records were broken in 1933 with Johnson, the colored sensation from Outer Bay and Morrison of Port Washington, smashing the century time in the 100 and 200 yard sprints respectively. The Hicksville quartet of Quinn, Blake, Bordiuk and McInnes were in the other with a phenomenal half-mile time of 1:34.8.

Charlie Yost holds the lone individual record for Hicksville with his 44 feet 9 inch mark in the junior flat punt. Yost established this mark in 1934.

Jack Gesslein of Mineola and Fred Flubinger of Hicksville bettered the time for the half-mile and the mile run but they did not do so in the North Shore Championships. Gesslein clipped more than a second off Van Sise's half-mile record but the County Seat star did this in the County championships. "Flicker" took 1:38.8 mile in the LaSalle outfit which is considerably better than Len Boitard's 1:40.00 record in the breaking run. Donny L. Hoyerer ran a 4:35 mile in the LaSalle outfit in '35, and without an shoe, too.

Field Club Bows to Pirates; Whip Carle Place Indians Rout Locals

7-3 on Sunday

Hicksville Black and White Players Drop to Third Position in Loop

The Huntington Braves handed Hicksville a 7-3 setback on Sunday afternoon at Hecksher's Park, dropping the Field club down a notch in the loop standings.

The defeat at the hands of the Indians was the second by the Huntington nine and marked the second time that the Hicksville defenses fell to pieces to give John Hogan his second loss of the season.

North Bethpage Upsets Plainview By 14-5 Score

The North Bethpage AC handed the Plainview Pirates their first league setback Sunday at the Field club when they defeated a 14-5 triumph. The Pirates did not change the loop standings but moved the Pagites into a tie for second place with Brentwood.

The home club knocked Joe Looney from the mound in the first frame with nine runs and added three more tallies in the second frame to lead 12-0. The Pirates fought gamely back and succeeded in slicing the lead down some what. Ten Plainview errors brought about Looney's downfall while Art Krusden checked the visiting nine with ease.

The Plainview nine tackles the Brentwood AC in a double header on Sunday at Plainview and these games should go a long way in deciding the outcome of the race.

Rivals to Meet On Dirt Track At Police Classic

Rivalry born on the bricks of Indianapolis will be carried over to the treacherous clay packed oval at the Mineola fair grounds on July 27 when Ted Horn of Cincinnati, Langley with Chet Gardner of Long Beach, California, at the third annual running of the "Nassau County Police Classic". Horn driving a Miller-Hart Special finished fourth in the 300 mile classic and less than a minute behind him for fifth position was Chet Gardner driving his famous Bendix Pinto Ring Special. Both of these drivers are veterans of this famous race and are a sure bet to finish ahead of the rest when they start. This feuding of the roaring road has been going on for the last three years with Horn getting the edge and the champion of racing luck. The new reburied track at Mineola will be a fitting venue for these heavy footed speed demons and racing enthusiasts of Long Island are assured of many spine tingling thrills when these two meet.

Brooklyn Giants At Freeport Plant

The advent of the Brooklyn Royal Giants as the new home baseball team at the Freeport municipal stadium dominates the week's sports activities at Long Island. The new outdoor sports center, convinced that the fast stepping, popular negro team far surpasses any available club baseball, has signed for the Brooklyn aggregation for an extended home stay, during which time the Giants will make their time the outstanding traveling unit of the outstanding traveling unit.

FLAN GOES FORWARD

Over and over Long Island subscribers to the three-cent-a-day plan have been given a total of 144,000 days of hospital care since the non-profit plan started three years ago. Dr. J. H. Flannery, president of the Associated Hospital Serviced, Williamsburg Savings Bank Building, One Hanson Place, Brooklyn, reported today.

Roosevelt Raceway Opens

MIDGET RACEWAY OPERATED BY MIDGET RACEWAY, INC. PUBLICITY DEPT., EDWARD R. REDMOND, MINEOLA, L. I., PHONE GARDEN CITY 1974

Midget auto racing, long a faintly mysterious sport, has been brought to the masses by the new Roosevelt Raceway, which will operate 8 nights a week (except Sunday) rain or shine. This is expected to take midget racing out of the barnstorming class. Prize money totaling \$100,000 has been hung up for the season.

In one stroke this new track, with its incomparable features, will establish New York as a midget auto racing capital of the nation. No state can offer such opportunities or facilities to drivers or patrons as is now provided by the Roosevelt Raceway, the luxurious track built originally for the team of bigwigs races.

The new track, wider than any other track of its kind has been processed to make racing wet and the latest pits have been set up for the season. It is brightly lit. Preliminary trials were held on the track Sunday, July 3 and the neck-racing pits have been set up for a novel, annual racing trials. It is 40 feet wide on the long straightaways and 60 feet on the breathtaking turns.

Midget racing offers as many thrills as any sport known. Due to the overpowered engines in

Syosset Next Host To Hicksville Nine

When the run goes down below the horizon on Sunday afternoon, the Hicksville fans will know whether the Field club is still in the running for the Nassau-Suffolk crown or not.

Hicksville trails the Maroons of Syosset by two full games as the league schedule enters the second half and as the Black and White meet the Syosset nine on Sunday afternoon at Sunnyside, the outcome is most important to the fate of the Hicksville club.

A loss would put the locals in a tight spot with barely enough time to make up the deficit against the two clubs while they try to get a victory on the other hand, would they young children is easy, say a place for the children to sit, well known diet nutrition special distance of the passer.

Syosset has taken both games played between the two rivals by the same score, 5-3. Midget auto racing, which hung up the second triumph is slated to go again against the mid-landers while John Hogan will toss for Hicksville. Hogan has been beaten by the Syosset hitters, giving but five hits in eleven innings. Hogan has held the slugging Maroons to two hits in six innings.

Both clubs will take the field with the same lineup that clashed five weeks ago although Hicksville's batting order has been revised considerably since the last meeting.

Other NSL games and rivals clash on two fronts. Bethpage host to the Farmingdale Aces in what should be a bitter struggle. Ronnie Cereoli, late of the Dalers, will check for Bethpage against either Jerry Spilker or Emil Pons.

The first contest when he suddenly lost control and was forced to retire in favor of "Yock" Schwartzberg.

SWIM FOR TITLES

Two A. A. U. senior metropolitan women's swimming titles will be at stake in the sanctioned meet to be held in the outdoor pool of the Old Country Club, Lido Beach At 9 p. m. Sunday, in addition to the two titular events, a number of Eastern champions and former title holders are entered in invitational races.

Mollitor Routed

Hicksville Wins 10-8 on Holiday

Charlie Mollitor's return to Hicksville was quite shocking to the chunky right hander as the Field club cutted him plenty to take out a 10-8 decision over Carle Place on Monday afternoon at Reversion Field.

Mollitor couldn't get past the three left handers in the Hicksville lineup and they hit him for nine safe hits. Mollitor retired in the eighth frame with his club trailing 9-4.

Yock Schwartzberg started for Hicksville and pitched seven complete innings. Yock was hit often but fiftieths in the pinches to escape unscathed. Hogan finished the contest and was battered for four runs in the final frame by the lighting Red Sox.

Carle Place outbit Hicksville 19-13 but were ineffective in the clutch. Ray Pandy took the hitting laurels with four singles in five trips to the plate.

HOW DOES HE DO IT?

THERE'S METHOD IN OUR MADNESS!

A lot of people have called us insane for daring to cut food prices so persistently, but take it from us—we knew what we were doing—and so did you, evidently!
We knew that you preferred Nationally Advertised brands to private unknown brands—and we gave them to you. We knew that you like big assortments to choose from—and we gave them to you. We knew that you'd rather have lower prices than expensive services—and we gave them to you. We knew that small profits will get us big volume and get you bigger savings—and we'll tell the world IT DID!
