A Brief Meditation

Suggested by the Rev. L. S. Luisa, pastor of Holy Trinity Episcopal church, Hicksville.

Read St. Matthew 5:23-24—If therefore thou art offering thy gift at the altar, and there rememberest that thy brother hath against thee, leave there thy gift before the altar, and go thy way first to be reconciled to thy brother, and then come and offer thy gift.

MUST WE forgive the unforgiving? But the question arises from that wrong point of view which our Lord expounds in answering the lawyer's question, "Who is my neighbor?" (Luke 10:29). With the story of the Good Samaritan Jesus poses the question around "Which of these three, thickest hearted neighbor unto him that fell among thieves?"

Forgiveness springs from love of one's neighbor, not from calling one's own virtue or the benefits arising from religious observance. And it must be ready in advance of the other's repentance. Like God's forgiveness, which is ready long in advance of our repenting. (The penitent boy was seen returning, while he was on a great way off! (St. Luke 15:20).

So even in exalted moments of communion in the presence of God, at the moment of the sacrifice in His temple, we need demands attention. If my brother has anything against me, even there and then I must leave the sanctuary, and go first to be reconciled, and then come and offer my gifts—now with an added motive of thanksgiving!

American Legion Auxiliary Units and Departments throughout the country are making their efforts this month to win one of the many trophies and awards offered by the Auxiliary for achievements in various fields of activities. Miss Rosa Lubring, President of the Charles Wagner Unit, a majority of the trophy contests will be in August, two days prior to the opening of the National Convention, and July has been designated as "Trophies and Awards Month" when last minutes efforts will decide possession of the trophies.

National membership trophies, including the Blaster Trophy, Cheney Trophy, Hubert Trophy, and Virtz Trophy, are being longly contested by a number of Departments this year. They are awarded for increase in membership and a large percentage of the Departments are showing increases.

Other trophies include the Bollen Trophy, awarded for the most interest of being under Sunday, and the Gordon Trophy for the most outstanding child welfare work. The Blackburn Trophy for the most Americanism work through a constructive youth betterment program: the Toomey Trophy for the best Department history, and the Gordon Trophy for the most outstanding activities by a junior member.

In addition, many divisional cups and cash prizes will be awarded. The trophies and prizes will be presented at the National Convention in Los Angeles, September 19 and 22.

At the Department Convention just three weeks away, the Units in Nassau county are all busy preparing their material for the contests that are being held in New York State, prizes for the most outstanding activities by a junior member.

In addition, many divisional cups and cash prizes will be awarded. The trophies and prizes will be presented at the National Convention in Los Angeles, September 19 and 22.

With all previous membership records broken, the American Legion Auxiliary is coming to gain strength and is expected to have 160,000 women on its rolls for 1933. Mrs. Henry Brengel, membership chairman of the Charles Wagner Unit, announced today.

Last year's record enrollment of 141,200 members was passed in July with approximately 450,000 members. While the 1928 membership campaign is practically completed, additional enrollments by old members who have not yet joined in 1933, are expected to carry the total beyond the 160,000 mark before the end of the year.

The Auxiliary's growth has been regular throughout the country and is considered the more remarkable because of business conditions which have prevailed during the year. The continued membership gains are attributed to the program of civic and patriotic activities which the Auxiliary carries out in cooperation with the American Legion, as the Auxiliary offers eligible women opportunity to give worthwhile service to their communities and country in time of need.

BABY BORN AT SEA

Three-month-old Patricia Newark Knapp, granddaughter of H. B. Knapp, director of the New York State Agricultural School at Farmingdale, set sail this week with her mother, Mrs. Merrill N. Knapp, on the S. Rex for Albania to make the acquaintance of her father who is technical head of the Near East Foundation School for Rural Youth at Kavaje, on the shore of the Adriatic Sea.

Patricia arrived in her native land on the S. S. Saturnia early last April. Outwitting her mother's plan to reach New York for hospitalization by two days, she was born at sea on April 6.

Merrill Knapp recently has been appointed technical head of Near East Foundation's Albanian School at the request of King Zog I. For

stars bring Don Ameche, Simone Simon and Robert Young to the Playhouse as a co-feature in "Go Chase Yourself" absence, the one and only Rudy Valee.

Bert Lehr heads the featured cast with Joan Davis, who recently was acclaimed No. 1 comedienne by a New York newspaper's nationwide poll. Paul Hurst, William Collier, Sr. and Tala Birell have prominent roles in the film.

The latest and most elaborate of the Warner Bros. musicals, on Thursday brings back to the screen, after three-year absence, the one and only Rudy Valee.

That is an event in itself but Rudy thinks the most important feature of the new "Gold Diggers" film is the motion picture debut of Freddie Fisher's Schickelgruber Band, a sensational crew of mad musicians.

Sharing the romantic and singing spotlight with Rudy is the luscious Rosemary Lane; doing the heavy dramatics is the brilliant Gloria Dickson, also contributing hilarious amusement in a number of far comedians which includes Hugh Herbert, Allen Jenkins, Mabel Todd, Melville Cooper, Ed Brophy, Curt Bois and Fritz Feld.

A case of mistaken identity causing the police to suspect a nut-bank thief of robbing the bank where he is employed because he has disappeared is a plot highlight of "Go Chase Yourself," in which Joe Penner has the starring role next to Rudy. The picture is directed by the comedian as his had-billed wife, white Richard Lane, June Travis, Fritz Feld and Tom Kennedy have other important parts.

'Robin Hood' Starts Sunday at Playhouse

"The Adventures of Robin Hood," a Warner Bros. Technicolor version of the famous story and starring Errol Flynn, will have its Hicksville premiere at the Playhouse Sunday to Wednesday. One of the most important pictures of the year, it has been acclaimed by critics and preview audiences as a masterpiece of screen entertainment.

Errol Flynn was cast as Robin Hood. His flashing teeth, ready aim, tall slender 192 pounds (dressed perfectly) Research's suggestion that Robin Hood, as recreated from song and legend, should be a "red-hungry-sucky" character here, better able to shoot, ride, swim, hunt, wrestle, fence, run, and win hearts than any other man in the world, is a serious prospect, the disguised stranger who turned out to be Robin Hood's own liege and patron, King Richard.

In the cast of "The Adventures of Robin Hood," besides Errol Flynn in the title role and Olivia de Havilland as Maid Marian, are such notable as Basil Rathbone, Claude Rains, Alan Hale, Ian Hunter, Melville Cooper, and Montagu Love.

The family in "The Family" series, playing today and Saturday at the Playhouse, is a comedy of the father and mother and the joys and tribulations of the children, and they laugh with the characters rather than at them in the humorously sophisticated comedy scenes.

Stone plays the kindly judge and father, while the mother is played by Robert Taylor. The family is a comedy of the father and mother and the joys and tribulations of the children, and they laugh with the characters rather than at them in the humorously sophisticated comedy scenes.

'Holiday' For One Smash Week at Town's Valerian

A new Katherine Hepburn, glowingly young, gloriously modern! Defying the conventional mold of society because she's in love! A new week on a two feature program, "Holiday" tells of a woman whose philosophy of life conflicts with that of the present orthodox family of his fiancee. He wants to take a holiday, to retire while he's young enough to enjoy life as it is, to make what he will. And only his sweetheart's plea that he live is right.

In addition to co-stars Katherine Hepburn and Gene Raymond, the "Holiday" cast includes Edward Everett Horton, Biene Barnes, Jean Dixon, Doris Nolan and Paul Ayscough.

A tender story of a young girl's devotion to the wrong sort of a man is combined with an amazing behind-the-scenes glimpse of a hospital methods in "Prison Farm," the new drama which is the co-feature on the bill.

THE BEAN BALL

Looking Forward By Franklyn Waltman

Publicity Director, Republican National Committee

Whenever anyone dares to suggest that the Social Security Act is somewhat less than perfect he immediately is assailed by the New Deal propagandists as a reactionary, a Tory, a fiend, an enemy of mankind, or worse. Even prove the administration of the act for the benefit of wage-earners, the critic's voice is drowned out by shouts that to anyone who disagrees even in the slightest with the act, though the criticism is constructive and is destined to improve it and his New Deal.

Republican criticism of the Social Security Act has not been directed at the objective of the act, but at the means by which it is to be achieved. The point of Republican criticism has been that as drafted the Social Security Act does not and will not promote greater security for wage-earners. Republicans in Congress have warned that the heavy taxes on pay rolls and pay envelopes levied under the act would have harmful effects on the economy.

Contributed to Depression
Truth in time will establish itself. We have heard Mariner S. E. Chairman of the Board of the Government of the Federal Reserve System and an ardent New Dealer, say that the withdrawal of confidence through social security taxes is one of the major contributory causes of the Roosevelt depression.

Now we have the testimony of the American Association of Social Security, published in its current bulletin. This organization for years has fought for "the promotion of social security and social insurance in the United States." Its executive secretary is Abraham Epstein, frequently called the "father of Social Security" in this country. Its president is Bishop Francis J. McConnell of the Methodist Episcopal Church. Among its directors are Monsignor Francis H. Hayden, dean of St. Joseph's Social Service, Catholic University; Rabbi Stephen S. Wise, Mrs. Mary K. Simkovich, the well known social worker, and other socially-minded persons. These people are neither partisans nor reactionaries.

Do they believe with President Roosevelt that "successful operation of the Social Security Act is the best proof that it was soundly conceived"? They do not. Indeed, the American Association for Social Security finds that the act is neither "soundly conceived" nor that its operation has been successful.

Created Greater Inequality
Instead of increasing purchasing power, the Association finds the act has diminished it. Instead of giving workers security, the Association finds it has created greater insecurity for them. Instead of helping industrial workers, the Association finds that the act's chief result has been to create a new bureaucracy and government.

Let the President and his New Deal satellites cease their hallooing and answer the non-partisan findings of the American Association for Social Security.

"The evidence is sufficient to indicate that not only has the operation of the unemployment insurance laws so far not proved that these laws have been soundly conceived, but, on the contrary, that these laws are not succeeding in providing even as little protection as the totally inadequate home relief laws."

Radio Notes

"HANS ACROSS THE SEA" PRESENTS ANOTHER FOUR-STAR... Percy Faith will direct his string a time in another musical salute to Rodgers and Hammerstein with WOR and the Toronto studio of the Canadian Broadcasting Corporation, the program will feature the sensational young Canadian baritone, Rhythmites, five junior song stars whose harmony is one of the highlights of the series.

Special Faith arrangements will be the orchestral numbers, starting with "Gaita" by Maria Grever, who is also featured in "New Part," the Duke Ellington "Go Out My Heart," the Duke Ellington "There's Silver on the Sage," the Rodgers and Hammerstein "The Toast" and "I'm Not That Much of a Fool," the musical, "On With The Show."

Recalling the days when every piece of country was thumping out rages, New York will air "New 11 Cut" from the motion picture inspired by Irving Berlin's great hit, "Alexander's Weekly" featuring a young girl, "I Dreamt I Dwelt in Alexander's Weekly" from "The Bohemian Girl" and the novelty, "Perfidian" with Barney Kessel.

The program, designating through the titles of the Canadian Broadcasting Corporation will be heard over the coast-to-coast work.

LOW DOWN From Hickory Grove

I DO NOT OFTEN get steamed up and froth at the mouth or excited about what is going on or not going on.

Most stuff being done, you forget about it anyway, by tomorrow, and all you get out of stevin' around, is a bad stomach. And I want to preserve my stomach for things like baked beans, etc., which my Stomach is a champion at fixing up.

But once in a while something happens that gives me a hunk around in the neck, and the latest, it is this talk about helping the farmer—like it is used to be the fashion to get elected by poppin' off about electric lights.

By farmers, I would feel more like saying them that he's being sorry. You don't see any farmer who is all right about going hungry like people in the city. He just waltzes out there and dies a few potatoes and carrots, and his wife pops a chicken in the skillet—and depression number one or depression number 2, it makes no difference.

Feeling sorry for a farmer hiding a plate of fried chicken—brother that is comedy.

Yours, with the low down,
JO SERRA

Oyster Bay Civics Endorse New Judicial District Bill

Head of Directors Writes Albany Convention For Favorable Report

By Joseph R. Flesher

The Non-Partisan Civic Association of Oyster Bay whose membership represents holders of more than 30 per cent of the entire assessed valuation of the township, is on record today in favor of the proposed amendment to the state constitution which would provide for a separate judicial district for Nassau and Suffolk counties.

Call For Favorable Report
In a letter to Charles B. Sears, chairman of the Judiciary committee of the state constitutional convention at Albany, the organization set forth its reasons for a request for favorable action on the amendment.

Allen T. Klotz, chairman of the Non-Partisan Civic association board of directors, wrote the letter.

"The establishment of a separate judicial district for our two counties seems to be more than justified on the basis of the amount of court business," he explained.

"We understand that your committee has before you a proposed constitutional amendment which would provide for a separate judicial district for the counties of Nassau and Suffolk counties."

"At present, as you know, Nassau and Suffolk counties form a part of a district which includes three counties of the State of New York."

The Mayors' conference has now approved the Dowsey proposal of "assuring protection." Even first class villages are seeking home rule. "Emergency messages" of the governor are certain to be abolished. The matter of local taxation has hit a touchy spot.

New York City is barred from invention of its own laws. Present debt limits of counties and towns—10 per cent—would continue until January 1, 1941, then drop to 9 per cent for 5 years, and in 1949, settle down to 8 per cent. Nassau and Westchester are alone exempted!

His parents had the idea he might become a great pianist; but he preferred to "rag" the scale and was always improvising on the old spirit in Cambridge, Mass., where the family had moved from Somerville.

Harmonizing with the boys on street corners was a pastime of his youth; he became a prizefighter in Boston, he went to New York with 12.5 in his jeans after a year of leather-pulling; in his pocket, was the ms. of a song he had written at seventeen called "My Old New England."

Fuglioni was at a low ebb in the big city and the youngster took to playing piano in music halls and beer gardens. Here he ran into

submerged in and dominated by the vote of the three city counties in the election of supreme court justices in this district."

"The civic organization pointed out that on the basis of amount of court business, the establishment of a separate district for the two eastern Long Island counties is more than justified."

"Qualified By Population"
"The establishment of such a district is also justified on the basis of the population of the two counties of Nassau and Suffolk which is over 600,000."

"These two counties are to a very large extent communities with a large suburban residential population in addition. Their problems are quite different from those of urban communities. Parts of Suffolk county are more than 100 miles from New York city."

writers, politicians and performers, and tried to sell his opera. A poster showing Adeline Patit, retreating before the fury of her day, inspired the youth to change the title of his song to "Sweet Adeline" and a set of new lyrics was written by Dick Geratz. After publication the song lay dormant till the Quaker City Quartet took it up and it became the close harmony song of the world.

Today, a member of the American Society of Composers, Authors and Publishers, he still makes personal appearances in stage shows, fiestas, etc., but relies largely on his royalties from protective ASCAP. His name is

Preparing For Harvest
By M. R. HOFFMAN
Harvest time is a busy time for the fruit growers. He has to estimate the crop, plan for dependable pickers, and have on hand the needed supply of basket, boxes, pads, rails, liners, and similar equipment.

Everything included in the equipment of harvesting and packing should be in good repair ahead of time. Ruts and rough places in the orchard roadways should be repaired to prevent bruising the fruit when it is hauled from the orchard.

The right kind of picking ladder is a big satisfaction. For peaches, prunes, and small apple and pear trees, the step-ladder is desirable. A stepladder, wide at the base, narrowing toward the top and with a single leg support, makes easiest to place among the branches.

For mature apple trees, the rung ladder with a wide base and coming to a point at the top is the most satisfactory. The larger the ladders should be made of light wood. Basswood makes an excellent ladder.

The type of containers used in handling fruit has a great influence on the amount of severity of bruising. In general, picking containers with rigid walls cause the least bruising.

Japanese Beetles Numerous in Nassau

By H. R. CAMPBELL, County Agricultural Agent
Japanese beetles have become numerous in many parts of Nassau county during the past few days, and they are feeding on many trees, shrubs and flowers. Injury to foliage is noticeable by severe feeding, which may cause complete defoliation within a short time. Tops of trees are particularly attacked by the beetle.

The Japanese beetle is metallic green in color, with white spots on the sides of the abdomen. Recently the Japanese Beetle Laboratory at Moorestown, New Jersey, has released information regarding this pest on ornamentals.

Control Difficult
The Japanese beetle is hard to control; therefore the aim of the treatments suggested below is to repel or keep them from the plants which you value highly. It is necessary to keep watch for their appearance. Heavy infestations of the beetles may occur in parts of Nassau county during the next three weeks.

- No. 1—Lead arsenate-fish oil mixture is the most effective spray for ornamental trees and shrubs. However, the odor of fish oil may be objectionable in suburban areas.
- No. 2—Hydrated lime-aluminum sulfate mixture is a non-poisonous spray which effectively repels the beetles. However, the spray residue on the foliage imparts a conspicuous white color, (the technical grade of aluminum sulfate should be used).
- No. 3—Hydrated lime in the form of a milk-of-lime-spray or a dust, is an easily applied, economical, repellent. From the standpoint of adhesiveness to the foliage, it is inferior to No. 1 and No. 2.
- No. 4—A spray of debris or cube, containing 4% rotenone and rosin residue emulsion, (HPC sticker) in water, is an effective repellent on flowers. This spray should be applied when beetles first appear, and follow at weekly intervals.
- No. 5—TRAPS: These have merits, and are quite successful. A mistake is made, however, in placing the traps in

flower beds or among shrubs. They are more effectively employed as a counter-attractant, and should, therefore, be placed at some distance from plants to be protected.

AMOUNTS OF MATERIAL TO USE

	Large Amounts	Small Amounts
No. 1—Lead arsenate	6 pounds	3 tablepoonsfuls
Fish oil	1 quart	5 tablepoonsfuls
Water	100 gallons	2 gallons
No. 2—Hydrated lime	20 pounds	12 ounces
Aluminum sulfate	5 pounds	3 ounces
Water	100 gallons	5 gallons
No. 3—Hydrated lime	22 pounds	1 pound
Water	100 gallons	3 gallons
No. 4—Derris Cube Root (4% rotenone)	4 pounds	2 1/2 ounces
Rosin residue emulsion (HPC sticker)	3 pounds	8 tablepoonsfuls
Water	100 gallons	3 gallons

(Note: Be sure the materials you use are fresh.)
Japanese beetles have a habit of flying in large numbers. They may severely injure some of your plants within a few hours. They feed during the daytime.

Asiatic Garden Beetles Are Also Present
Adult Asiatic garden beetles are feeding heavily on flowers, shrubs, and fruit trees, throughout Nassau county. Do not confuse these beetles with the Japanese beetles. Asiatic garden beetles are chestnut brown in color and about 3/8 of an inch long. They feed at night only on warm nights. During the day they hide in the soil at the base of their food plants. These beetles do most damage from now until the last of August.

Control of Asiatic Garden Beetle
Japanese beetle formula No. 1, listed above may be used on plants not subject to arsenical injury, but the following formula is recommended generally for most plants.

Material	Large Amounts	Small Amounts
Lead arsenate	3 pounds	3 tablepoonsfuls
Wheat flour	2 pounds	2 ounces
Water	100 gallons	3 gallons

Asiatic garden beetles feed readily on plants sprayed with lead arsenate, but there is little evidence of the effectiveness of the spray, because most beetles enter the ground before daybreak, and die there. New swarms of beetles may fly to favored food plants, and destroy them in spite of poisoned sprays. Spray may seem ineffective, but it is worthwhile since it reduces beetle population for next year.

For further information write my office, or telephone Garden City 1477.

Endorse Graves For N. Y. Governor On Democratic Slate

Special to News BELMONT, N. Y., July 27.—Mark Graves, President of the State Tax Commission and Commissioner of Taxation and Finance, was advanced Tuesday for the Democratic gubernatorial nomination by the effect on its revenues would be negligible.

A resolution endorsing Commissioner Graves and adopted by the committee of which at one time he served as county chairman, was introduced by Frederick S. Buck of Wellville, present county chairman, who lauded the official thirty-one years of State service and termed him "Allegany's most distinguished son, and a worthy successor to Governor Lehman and other Democratic executives."

Musette
\$325
If you have an eye for classic simplicity in furniture design, you'll be delighted with the graceful Musette, whose simple proportions and slender tapering legs fully follow the best traditions of the "American Federal" Period. Like all nine of the Period Model Musettes, the FEDERAL is pleasingly low (only 31" high) and takes up less floor space than a 24 1/2" high. Yet it has a standard-height, full 88-note keyboard, and incorporates the new principle of RESONANCE CONTROL which has made these charming Little Musettes famous the country over for rich tonal quality.
